*Simple Solutions for Families in the Fast Lane* Dec 24 2021 Timothy Smith challenges today's frantic pace and offers helpful solutions to families who are missing out on togetherness because of overscheduling. Simple Solutions for Families in the Fast Lane will help families connect with each other in meaningful ways in spite of work, school, extracurricular activities, and other responsibilities.

*Radar - Made Simple for Cruisers* Aug 20 2021 For years, J.R.'s stories have been acclaimed throughout the underground horror world. These are stories that challenge expectations and reject the staid conventions of the genre. These are stories that don't compromise. These are stories that, in the finest tradition of H.P. Lovecraft, Thomas Ligotti, T.E.D. Klein, and Dennis Etchison, articulate what you've always suspected: that life is a losing proposition. For the first time, after much demand, J.R.'s surviving stories have been collected in one anthology.

**Cost Conscious Cruiser** Jun 29 2022 The pleasures and adventures of cruising under sail are amazingly affordable, say Lin and Larry Pardey. But to keep your dream on budget, you have to decide: Are you a cruiser or a consumer? In this book, a logical successor to their *Self-Sufficient Sailor and Capable Cruiser*, they discuss making your getaway plans, finding a truly affordable boat, keeping your outfitting costs and maintenance time under control, and learning to feel confident as you cruise farther afield. Their comparison of the gear considered necessary by many yachting experts and the gear carried by several cost-conscious cruisers will help you gauge whether you are buying the true necessities or overloading your boat with high-tech items that can break down and steal your sense of confidence offshore. The chapters on getting the most from your cruising funds, the attributes of successful long-term voyagers, how to upgrade your boat with your own hands, plus answers to the then questions most frequently asked by potential cruisers will help you prepare to explore under sail. as Lin and Larry explain, "The decisions you make now will determine if you'll come back from your cruise feeling more empowered or more enslaved by today's consumer society."

*The Birth of the 787 Dreamliner* Jun 25 2019 The Birth of the Dreamliner captures the awe and achievement of this ambitious chapter of aviation history, and acts as a "biography" of the aircraft, following the evolution of the 787 concept through its path to completion. In full collaboration with Boeing, The Birth of the Dreamliner is full-access insight into how this intricate, complex machine has been engineered in response to a dream. The Dreamliner heralds a new era in air travel. The components of the Dreamliner are sourced from more than 130 sites around the world, and then transported by the largest cargo freighters ever built, specially customized 747s called Dreamlifters. Stunning photography illustrates the meticulous undertaking of transporting wings and fuselage sections to the Dreamliner's final assembly point at the Boeing facility in Everett, Washington, the world's biggest building. You will see how the sophisticated interiors take shape along the assembly line of parts and tools, with in-depth interviews from key personnel, creators, and technicians. This is a quintessential archive of an unprecedented aircraft program.

**WALNECK'S CLASSIC CYCLE TRADER, OCTOBER 2004** Sep 01 2022

*Chrysler PT Cruiser* Nov 03 2022 I was born and raised in Rockland County, which until the mid-fifties, was a region of New York State characterized by small villages and farms just 18 miles or so from New York City. After high school and college and having seen enough of "progress" destroying this wonderful way of life, my wife and I moved to a small community a few miles from Cooperstown, New York, home of the Baseball Hall of Fame. After raising three daughters and a career in education I decided to change the tempo of life and began a new occupation as a full-time writer of automotive history. This was simply an extension of what I had been doing since my preadolescent years when my brother and I would collect sales brochures from any auto dealer who wouldn't show us the exit/door, since we obviously had no cash, no credit and no intention of buying a new car. Ever since I was in elementary school I was fascinated by the hopped-up Fords and Chevys (and even an occasional Plymouth) of the late '30's and '40's that the older "cool" boys drove to school. Recollections of those cars from long ago instantly came to mind when I first saw the PT Cruiser in 2000. Having previously written numerous articles and several books on Chrysler vehicles, my interest in the PT as the subject of a forthcoming volume was instantaneous.

The Capable Cruiser Mar 27 2022 Lin and Larry Pardey have now been cruising on board their own boats, racing, delivering, and repairing other people's boats for more than 44 years. After west-to-east and east-to-west

circumnavigations, and voyages to more than 75 countries, they have a breadth of knowledge that few other boating authors possess. Most of the voyaging has been done on an earn-as-you-go budget that could be well within the reach of the majority of those whose dream is to set sail. Their motto? “Go small, go simple, but go now!” The Pardeys’ strengths are neatly symbolized by the boats they have built. Each one is romantically traditional, with swooping sheerlines, and is completely dependent on the wind. And yet each boat carries the best, strongest, and most seamanlike gear. Like their vessels, the Pardeys’ writings are founded on a marriage of the spirit of romantic adventure and the practical, up-to-date seamanship that keeps them and their boats safe. This revised and expanded third edition of a cruising classic includes 10 completely new chapters with such advice as: sixteen ways to encourage your lover (partner) to share your dream; strategies for turning sudden engine failure into a minor incident; choosing safety equipment; repairing rigging at sea. All of the original chapters have been updated to ensure that the information will be helpful for everyone who dreams of cruising—whether now or soon. The Capable Cruiser is a logical extension of the Pardeys’ The Self-Sufficient Sailor, with more emphasis on seamanship underway, including careful analysis of extreme anchoring situations and solutions for mitigating them. Underlying each and every chapter is the warmth and encouragement that spurred Herb McCormick, former editor of Cruising World magazine, to label Lin and Larry Pardey “the enablers.”
