Be(com)ing a Conference Interpreter Aug 15 2021 This study offers a novel view of Conference Interpreting by looking at EU interpreters as a professional community of practice. In particular, Dufrou's work focuses on the nature of the competence conference interpreters working for the European Parliament and the European Commission need to acquire in order to cope with their professional tasks. Making use of observation as a member of the community, in-depth interviews and institutional documents, she explores the link between the specificity of the EU setting and the knowledge and skills required. Her analysis of the learning experiences of newcomers in the professional community shows that EU interpreters' competence is to a large extent context-dependent and acquired through situated learning. In addition, it highlights the various factors which have an impact on this learning process. Using the way Dutch booth EU interpreters share the workload in the booth as a case, Dufrou demonstrates the importance of mastering collaborative and embodied skills for EU interpreters. She thereby challenges the idea of interpreting competence from an individual, cognitive accomplishment and redefines it as the ability to apply the practical and setting-determined know-how required to function as a full member of the professional community.

NL ARMS Netherlands Annual Review of Military Studies 2019 Dec 07 2020 This book has as its subject matter the academic education of officers and builds on the signing of the Bologna Declaration in 1999 by twenty-nine European ministers for Education and Science, who thereby agreed to coordinate higher education across Europe, by, for instance, the implementation of the Bachelor's and Master's system. In the meantime, military academies have also introduced the BaMa system into their programs for officers' education, which marks a transition from the old days, when officers' education took place within a national military system, under military command, and was firmly grounded in principles, traditions and needs, as professed by the Ministries of Defence and the armed forces in particular. So the Bologna Declaration can be seen as crucial leverage for the development of in-house academic degree programs as a fundamental part of officers' education. With this volume, the editors of NL ARMS 2019 strive to offer a platform to both academics and military and civilian practitioners, as well as to combinations of these, to reflect and share their thoughts on officers' education 'before and after' Bologna, both in The Netherlands and abroad. To this end, controversies and challenges, affecting various aspects and systems of officers' education, have been grouped into five themes. Respectively, the first four themes comprise institutional settings and change; educational philosophy; educational challenges and reflective practices; and didactical solutions. The fifth theme, international perspectives, provides insights into the strategic environments and challenges faced by sister-academies, as well as ways to further officers' education across Europe, such as offered by Erasmus programs. All the editors of this year's volume are affiliated with the Faculty of Military Sciences of the Netherlands Defence Academy in Breda, The Netherlands.

ANTHROPOLOGICAL PAPER OF THE American Museum of Natural History. Vol. VIII. JICARILLA APACHE TEXTS. Nov 06 2020

Homo Urbanus Jun 20 2019 Na prvi pogled, porodica u kojoj odrasta David je kao svaka druga savremena gradska porodica. Iako nisu zvanično vencani, Davidovi roditelji, Dusica i Dejan, zive u skladnoj zajednici. Ovaj sklad, po Dusicinom misljenju, remeti isključivo Dejan, za koga kaze da je jos nezreli tinejdzler sa zadnjim namerama prema lepsem polu. Sa druge strane, Dejan sumnja da ga Dusica vara sa svojim sefom, i odbija svaku pomisao na vencanje s njom. Da li ce David uspeti da ostane imun na svoje porodicno okruzenje, i odoli pred iskusenjima na koja ga stavlja lepsi pol, ili ce doziveti moralno posrnuce i ponoviti sudbinu svoga oca? Uvrnuta komedija koja ce vas nasmejati do suza i naterati da se prepoznate u njoj.

EBook: Social Psychology 3e Sep 16 2021 Social psychology has a profound influence on our everyday lives; from our shopping habits to our interactions at a party. It seeks to answer questions that we often think and talk about; questions such as: - What circumstances prompt people to help, or not to help? - What factors influence the ups and downs of our close relationships? - Why do some people behave differently when on their own compared to in a group? - What leads individuals sometimes to hurt, and other times to help one another? - Why are we attracted to certain types of people? - How do some persuade others to do what they want? This new edition of Social Psychology has been revised to introduce a more flexible structure for teaching and studying. It includes up-to-date, international research with an emphasis throughout on its critical evaluation. Applied examples across the chapters help to highlight the relevance, and hence the impact, that the theories and methods of this fascinating subject have upon the social world. Key Features Include: - Research Close-Up: Following a brand-new style, this feature matches the layout used in research papers, providing an accessible introduction to journal articles and the research methods used by social psychologists. - Focus On: Fully revised, these boxes look at opposing viewpoints, controversial research or alternative approaches to the topics. This offers a more critical outlook and prompts the questioning of the validity of published research - Recommended Readings: New to this edition, recommended further readings of both classic and contemporary literature have been added to each chapter, providing a springboard for further consideration of the topics. Connect Psychology is McGraw-Hill's digital learning and teaching environment. Students – You get easy online access to homework, tests and quizzes designed by your instructor.
