**Gods And Godmen Of India** Jul 29 2022 In this vibrant volume, Khushwant, in his inimitable style, tackles all issues related to religion, faith, blind faith, new cults, and new movements in other words, he charges like a raging bull to attack the epidemic of gods and godmen that has swept the nation in recent years. Khushwant Singh quotes liberally and with perfect ease from the Adi Granth, Adi

Shankaracharya, Upanishads, Koran and other holy books to buttress his arguments.

[After 50 Years](#) Jun 03 2020 The book is a fascinating picture of the socio-cultural and political landscape of 50 years of Independent India. It presents a complex interplay of patterns of feudalism and democracy, exploitation and social justice, poverty and affluence, intrigue and morality, corruption and probity, superstition and faith.

*The Godmen* Aug 30 2022 Who are the godmen? How do they become who they are? How much power do they really have? And what can they do with it? These are some of the most interesting questions that this book endeavours to answer in detail. With the popularity of the internet, the amount of information and jargon available online about godmen has increased rapidly; but most of it tends to be over complicated and superficial. This book, however, brings out and exposes the real truths of godmen in a comprehensible way. It penetrates at the heart of their godly work - to reveal how they are able to heal people miraculously with the "power of God" or through any other form of spirit. And challenges the exorcists who claim to have extraordinary spiritual powers that root out evil spirits. The Godmen is a unique piece of work for anyone who wishes to know more about religion, faith, and its effects and consequences. It has an appealing revelation that could spawn controversy in the world of investigative journalism and media. But one which can also be a useful tool for tackling spiritual abuse worldwide.

**Why Statues Weep** May 03 2020 This book is a collection from the articles of 'The Skeptic' and brings together the best from the magazine's archive in one myth-busting volume. It includes mystery articles on the weeping statue at a Dublin suburban home, Turin Shroud, Britain's Roswell, Nostradamus's predictions and UFOs.

*How Marx Failed in Hindu India* Oct 27 2019

The Godmen of India Sep 30 2022 India has become the breeding ground of myriad Godmen and Godwomen who cheat the gullible public in the name of God and amass wealth and build their own private empires. The author, a former police officer, who had the unique oppertunity to investigate in to the dubious affairs of certain godmen and their Ashrams, debunks the claims of such Godmen and exposes them in their true colours. An interesting and revaling book and it is his fourth published work.

Godmen on the Warpath Jun 27 2022

Description: Ever since the highly civilised powers took it in mind, to colonise primitive peoples and to uplift them culturally, their efforts, even if well intended, turned disastrous for the colonised. The actual results were wholesale oppression and exploitation, even physical annihilation. The surviving primitive peoples usually suffered a complete break-down of their original culture and a total confusion of their traditional values. But after a certain time the colonised peoples felt the desires for a revival of their pristine way of life-the old traditional values asserted themselves. Yet due to their predominantly magical world-outlook this revitalisation often took an esoteric turn. It also required a leader allegedly possessed with superhuman powers and in close contact with the ancestors or old gods-a Messiah or Saviour. Such revival movements arose all over the world wherever high civilisations clashed with primitive cultures. It is to the credit of the author of Godmen on the Warpath, to have

discovered numerous such messianic movements in India and to have described them here. Another important and eminently practical result of the author's analysis of such movements is that he convincingly proves that

wherever their leaders were able to guide their followers to a gradual and peaceful amalgamation of the new with the original beliefs and practices of the colonised peoples

they were largely successful. But here the godmen yielded to the temptation to liberate their people by violent means, they generally were defeated, with disastrous consequences for their people.
