**The Black Knight Chronicles Continues** Jan 17 2022 "Vampire heroes we can all believe in." --New York Times Bestselling Author, Faith Hunter Book 4: Paint It Black Goblins and Witches and Trolls . . . oh crap! In the fourth installment of The Black Knight Chronicles, Jimmy Black is having a terrible, horrible, no good, very bad day and a darned fine pity party, serving the finest alcohol, when a call from his not-quite-girlfriend-cop forces him to sober up and stare at jawbones. "Cold case" takes on a whole new meaning when vampire detectives risk life and limbs (literally) to connect a series of decades-old kidnappings in Charlotte with current missing persons cases. All clues lead through the veil of Faerieland to the legendary Goblin's Market, a magical bazaar where anything is available--for a price. The boys can barely stay out of trouble in Charlotte. As fresh meat at The Market, they'll be lucky to survive the day. Book 5: In the Still of the Knight The bodies are piling up! Murders are happening outside Charlotte's hottest nightspots. A new vampire society has set up shop in the sewers. And Jimmy Black's about to run afoul of the Master of the City. If Jimmy weren't already a vampire, the week ahead would be the death of him. Between murder, monsters, pesky vampire ethics, and territorial disputes, Jimmy is about to discover how far he's willing to go to save the world and one friend's soul. There are no easy choices, even for vampire geeks. Book 6: Man in Black The latest book in the award-winning Black Knight Chronicles is a raucous ride through the city of Charlotte's seedy underbelly with the most unlikely crime lord ever. Jimmy Black's knack for stumbling into the right place at the wrong time has landed him his dream job--or worst nightmare--Master Vampire of the City. Almost everyone that works for him wants him dead. His best friend isn't speaking to him. His girlfriend is now his ex-girlfriend. And the Vampire Council has appointed a watchdog who'll decide if he lives past Thursday. He has a kidnapping to solve, monsters and demons to fight, and a whole new crime empire to figure out. Then there's Lilith . . . . Join Jimmy as he tries to put his (un)life back together and stay alive long enough to save the world. Again. Author John G. Hartness is the Epic and Manly Wade Wellman Award-winning writer behind The Black Knight Chronicles from Bell Bridge Books, as well as the Quincy Harker, Demon Hunter and Bubba the Monster Hunter series. In his copious free time, John enjoys long

walks on the beach, rescuing kittens from trees, and playing Magic: the Gathering.

**Black San Francisco** Mar 07 2021 When it came to racial equality in the early twentieth century, Albert S. Broussard argues, the liberal, progressive image of San Francisco was largely a facade. In this book, he challenges the rhetoric of progress and opportunity with evidence of the reality of inequality and shows how black San Franciscans struggled for equality in the same manner as their counterparts in the Midwest and East. Understanding the texture of the racial caste system in the city prior to 1954, he contends, is critical to understanding why blacks made so little progress in employment, housing, and politics despite the absence of segregation laws. Reconstructing the plight of San Francisco's black citizens, Broussard reveals a population that, despite its small size before 1940, did not accept second-class citizenship passively yet remained nonviolent into the 1960s. He also shows how World War II and the defense industry brought thousands of southern black migrants to the bay area. Ultimately, he demonstrates, these newcomers and native black residents formed coalitions with white liberals to attack racial inequality more vigorously and successfully than at any previous time in San Francisco's history.

Shaping the Future of African American Film Feb 24 2020 In Hollywood, we hear, it's all about the money. It's a ready explanation for why so few black films get made—no crossover appeal, no promise of a big payoff. But what if the money itself is color-coded? What if the economics that governs film production is so skewed that no film by, about, or for people of color will ever look like a worthy investment unless it follows specific racial or gender patterns? This, Monica Ndounou shows us, is precisely the case. In a work as revealing about the culture of filmmaking as it is about the distorted economics of African American film, Ndounou clearly traces the insidious connections between history, content, and cash in black films. How does history come into

it? Hollywood's reliance on past performance as a measure of potential success virtually guarantees that historically underrepresented, underfunded, and undersold African American films devalue the future prospects of black films. So the cycle continues as it has for nearly a century. Behind the scenes, the numbers are far from neutral. Analyzing the onscreen narratives and off-screen circumstances behind nearly two thousand films featuring African Americans in leading and supporting roles, including such recent productions as Bamboozled, Beloved, and Tyler Perry's Diary of a Mad Black Woman, Ndounou exposes the cultural and racial constraints that limit not just the production but also the expression and creative freedom of black films. Her wide-ranging analysis reaches into questions of literature, language, speech and dialect, film images and narrative, acting, theater and film business practices, production history and financing, and organizational history. By uncovering the ideology behind profit-driven industry practices that reshape narratives by, about, and for people of color, this provocative work brings to light existing limitations—and possibilities for reworking stories and business practices in theater, literature, and film.
