The Man Who Walked Backward Jan 30 2020 From Pulitzer Prize finalist Ben Montgomery, the story of a Texas man who, during the Great Depression, walked around the world -- backwards. Like most Americans at the time, Plennie Wingo was hit hard by the effects of the Great Depression. When the bank foreclosed on his small restaurant in Abilene, he found himself suddenly penniless with nowhere left to turn. After months of struggling to feed his family on wages he earned digging ditches in the Texas sun, Plennie decided it was time to do something extraordinary -- something to resurrect the spirit of adventure and optimism he felt he'd lost. He decided to walk around the world -- backwards. In *The Man Who Walked Backward*, Pulitzer Prize finalist Ben Montgomery charts Plennie's backwards trek across the America that gave rise to Woody Guthrie, John Steinbeck, and the New Deal. With the Dust Bowl and Great Depression as a backdrop, Montgomery follows Plennie across the Atlantic through Germany, Turkey, and beyond, and details the daring physical feats, grueling hardships, comical misadventures, and hostile foreign police he encountered along the way. A remarkable and quirky slice of Americana, *The Man Who Walked Backward* paints a rich and vibrant portrait of a jaw-dropping period of history.

Listening for America: Inside the Great American Songbook from Gershwin to Sondheim Aug 31 2022 "Not since the late Leonard Bernstein has classical music had a combination salesman-teacher as irresistible as Kapilow." --Kansas City Star Few people in recent memory have dedicated themselves as devotedly to the story of twentieth-century American music as Rob Kapilow, the composer, conductor, and host of the hit NPR music radio program, *What Makes It Great?* Now, in *Listening for America*, he turns his keen ear to the Great American Songbook, bringing many of our favorite classics to life through the songs and stories of eight of the twentieth century's most treasured American composers--Kern, Porter, Gershwin, Arlen, Berlin, Rodgers, Bernstein, and Sondheim. Hardly confining himself to celebrating what makes these catchy melodies so unforgettable, Kapilow delves deeply into how issues of race, immigration, sexuality, and appropriation intertwine in masterpieces like *Show Boat* and *West Side Story*. A book not just about musical theater but about America itself, *Listening for America* is equally for the devotee, the singer, the music student, or for anyone intrigued by how popular music has shaped the larger culture, and promises to be the ideal gift book for years to come.

Animation Behind the Iron Curtain Sep 07 2020 Animation Behind the Iron Curtain is a journey of discovery into the world of Soviet era animation from Eastern Bloc countries. From Jerzy Kucia's brutally explicit Reflections in Poland to the sci-fi adventure of Ott in Space by Estonian puppet master Elbert Tuganov to the endearing Gopo's little man by Ion Popescu-Gopu in Romania, this excursion into Soviet era animation brings to light magnificent art, ruminations on the human condition, and celebrations of innocence and joy. As art reveals the spirit of the times, animation art of Eastern Europe during the Cold War, funded by the Soviet states, allowed artists to create works illuminating to their experiences, hopes, and fears. The political ideology of the time ironically supported these artists while simultaneously suppressing more direct critiques of Soviet life. Politics shaped the world of these artists who then fashioned their realities into amazing works of animation. Their art is integral to the circumstances in which they lived, which is why this book combines the unlikely combination of world politics and animated cartoons. The phenomenal animated films shared in this book offer a glimpse into the culture and hearts of Soviet citizens who grew up with characters as familiar and beloved to them as Mickey Mouse and Bugs Bunny are to Americans. This book lays out the basic political dynamics of the Cold War and how those political tensions affected the animation industry in both the US and in the Eastern Bloc. And, for animation novices and enthusiasts alike, *Animation Behind the Iron Curtain* also offers breakout sections to explain many of the techniques and aesthetic considerations that go into this fascinating art form. This book is a must read for anyone interested in the Cold War era and really cool animated films!

Dust, Drugs and the Depression May 16 2021 A potpourri of religious fanaticism, sun blotting dust clouds and a crippling depression served to make me investigate the question: How did I make my way through this without jail, violence or a mental hospital? Because of the brutality, I had to learn the meaning of forgiveness. Because of the dust, I learned to enjoy nature and its beauty. I learned to appreciate the toughness of those surviving the rigors of the Big Depression. Living with a very taciturn father and mother left me with many questions. The rewards coming from my tears, the love and caring of friends, both lay and professional, brought me to a point of reconciliation with myself, despite a family that was torn asunder. Other rewards included the many stories that came from those zany dust years, writing passionate essays about the penchant for wars and finally, the development of a feeling of compassion for those who suffer. The words: All happy families are the same. Unhappy ones differ in their own way. However, no one needs to live in thrall to an unhappy childhood.
