I Don't Buy Green Bananas Jan 26 2022 Is there an upside to cancer? There is if you're Joan Butman. In her latest collection of faith essays, I Don't Buy Green Bananas! (center stage with cancer), Joan takes on her biggest challenge yet: a cancer diagnosis. Facing a terminal illness hasn't dampened Joan's faith or her sense of humor. She takes us along on her "road trip with God," through her diagnosis, surgery, and recurrence of her "tribble"— the name she affectionately calls the tumor discovered in her abdomen. Throughout her journey, Joan learns the true meaning of the scripture "Do not be afraid, for I am with you," and experiences the peace and joy that come with accepting God's will: "I can say with confidence that you will find delight in anything you do for Christ, whether it be washing dishes, changing diapers, or battling cancer. When you get to know Jesus, He will give you a role in his show, even though there is no guarantee you won't be written out of the script."

Finding Your Power to Be Happy: Seven Practices to Bring Unconditional Happiness into Your Life Jun 30 2022 Learn to find the happiness that is natural to you, and enjoy better relationships, better health, more success and a longer life. The peculiar thing about us humans is, we spend a lot of time working to find people and things that will make us happy. In fact, we seem to spend the majority of our time doing this. However, there is no guarantee that any of this effort will work. There are lots of people who have hordes of people around them, and who have lots of things, but have been unable to make themselves happy. The truth is, happiness can be had with little effort. Have you ever been happy for no reason at all? Of course you have. Without anything changing in life, happiness just appears. We see it in young children all the time. In fact, we expect to see it in children. If you happen to ask a smiling child why he or she is so happy, at best the answer may be, "Because." For an adult this may be an unsatisfying answer, but for the child it is the truth -- happiness exists "just because." As we age we seem to lose touch with happiness-for-no-reason-at-all. We see a world where everyone is striving for stuff, striving for popularity, striving, striving, striving. The natural fount of happiness we once enjoyed disappears as we join them.

However, that happiness is not gone. All that happened is we lost our connection to it. This book is about recovering that connection. We all grow up believing that if we work hard, and if we are good people, we will enjoy good relationships with others, good health, success and a long life. Obviously this is not true. There are a lot of rich old people who are not happy. What we have, what we do, and the other circumstances of our lives do not provide authentic happiness. Instead, happiness comes from inside of us, and all by itself enables us to have secure relationships, good health, more success and longer lives. So, what is the secret of being happy? Being happy is a little like flipping a switch. When it's on you are happy and when it's off you are not. It's so easy. How else can you explain being happy for no reason. What you need to do is learn to turn it on, and keep it turned on. This book discusses seven practices that help you do that. There is a lot of wisdom available about how to be happy. Most of it is thousands of years old, but some is quite new. The seven practices we will look at incorporate this wisdom to help you learn how to turn on happiness in your life. This kind of happiness does not require changing anything in your life. All you have to do is learn to turn it on.

Love No Matter What Sep 21 2021 How will you respond when your child makes a decision you don't agree with? Parents and kids will never agree on everything but what can mom and dad do when that decision--whether a matter of preference, spirituality, or morality--is something they think is totally wrong? Author and speaker Brenda Garrison knows all too well that how parents respond will either build a wall or a bridge between them and their child. Brenda and her husband were forced to answer this question when their oldest daughter Katie abruptly moved out of the house with no means of support. It was not an illegal or immoral decision, but it was one that wasn't good for her. Their determination to keep an open door of communication is documented not only by their story, but by comments from Katie in each chapter as she offers insights from her own perspective. Also included are other family scenarios--everything from matters of preference to foolish, immoral, and even illegal decisions--as well as insights into

different styles of parenting such as servant, checked-out, gotcha, scared, and controlling parents. With practical tips and relatable stories, Brenda shares how to model God's parenting style and explains the difference between the parent's responsibilities and the child's, then helps mom and dad discover ways to develop and nurture a relationship with their child that will last a lifetime.

RADICAL LIGHT Jul 28 2019 This second book of the Real Magic series continues to explore the ancient Hermetic Teachings as "A mental art—the art of using consciousness itself as the tool for creating changes in consciousness." What does the Hermetic axiom "as above, so below" really mean? The relationship between macrocosm (above) and microcosm (below) is the key to the Hermetic Teachings. Macrocosm refers to the Eternal Reality of Light; the realm of God. Microcosm is its reflection; a fragmentation of Light; the world of human existence and human ego. The core of the Hermetic Teachings for centuries has been focused on transforming the fragmented body of Light in human consciousness and uniting below with above.

Don't Sprint The Marathon Jan 02 2020 Life mimics a marathon more than it does a sprint Obvious as that may appear, as proud and ambitious parents, we often push our children to excel in ways that may help them achieve some early successes - but may sap their stamina to endure the more difficult challenges which life may throw at them. What is more, our obsessive rush to get our children off to a good start overlooks the fact that in life, as in a marathon, an early lead hardly matters, but being too intent on coming first may leave our children lacking in many of the life skilld that a normal childhood would teach them. V. Raghunathan, best-selling author of Games Indians Play, offers an alternative approach that can be even more rewarding: life, he avers, is not a

sprint, and it does not in the long run matter very much if you missed out on the best school, college or job as starters. As long as you give yourself the time to develop your personality and skills, you will still get where you want, at your own pace and perhaps far more happily. To illustrate, based on first-hand interactions, he gives numerous examples of many achievers, famous and not-so-famous, among them N.R. Narayana Murthy, Dr Kallam Anji Reddy, Dr. P.D.K. Rao, V. Mani, Ashwini Nachappa, Ila Bhatt and G.M. Rao. For those helping their children along for success in life, or rethinking their children along for success in life, or rethinking their own approach to it, *Don't Sprint the Marathon* will prove an invaluable guide.

Let My People Go Nov 23 2021 "Come join me as I take you back to Charleston, South Carolina, to my father's forge in the early 1800's. Sit with me on the woodpile as he tells a tale of faith, hope, or love." In this extraordinary collection, Charlotte Jefferies and her father Price, a former slave, introduce us to twelve best loved Bible tales, from Genesis to Daniel, and reveal their significance in the lives of African Americans--and indeed of all oppressed peoples. When Charlotte wants to understand the cruel injustices of her time, she turns to her father. Does the powerful slaveholder, Mr. Sam Riley, who seems to own all that surrounds them, also own the sun and moon? she wonders. Price's answer is to tell the story of Creation. How can God allow an evil like slavery to exist? she asks. Price responds by telling the story of the Hebrews' Exodus -- and shows Charlotte that someday their people, too, will be free. With exquisite clarity, Patricia and Fredrick McKissack and James Ransome -- a Newbery Honor winner and all Coretta Scott King Award winners -- brilliantly illuminate the parallels between the stories of the Jews and African-American history. *Let My People Go* is a triumphant celebration of both the human spirit and the enduring power of story as a source of strength. Our hope is that this book will be like a lighthouse that can guide young readers through good times and bad....The ideas that these ancient stories hold are not for one people, at one time, in one place. They are for all of us, for all times, everywhere. --from the Authors' Note to *Let My People Go*
