12 regels voor het leven Mar 28 2022 Wat moet iedereen in de moderne wereld weten? Om antwoord te geven op deze moeilijkste vraag der vragen combineert de gerenommeerde psycholoog Jordan B. Peterson de zwaarbevochten waarheden van oude tradities met verbluffende ontdekkingen van grensverleggend wetenschappelijk onderzoek. Op humoristische, verrassende en informatieve wijze vertelt Jordan Peterson ons waarom kinderen die aan het skateboarden zijn met rust gelaten moeten worden, welk verschrikkelijk noodlot mensen die te snel oordelen te wachten staat, en waarom je altijd een kat moet aaien als je er een tegenkomt. Peterson legt grote verbanden en distilleert daarbij uit alle kennis van de wereld 12 praktische en fundamentele leefregels. In 12 regels voor het leven maakt Jordan Peterson korte metten met de moderne clichés van wetenschap, geloof en de menselijke natuur, en tegelijkertijd transformeert en verrijkt hij de denkwijze van zijn lezers. Dr. Jordan B. Peterson (1962) is psycholoog, cultuurcriticus en hoogleraar psychologie aan de Universiteit van Toronto. Zijn wetenschappelijke artikelen hebben de moderne kijk op persoonlijkheid en creativiteit voorgoed veranderd. Peterson heeft honderdduizenden volgers op social media en zijn YouTube-clips zijn meer dan 27 miljoen keer bekeken. 'Peterson is vandaag de dag de invloedrijkste intellectueel van de westerse wereld. Voor miljoenen jonge mannen blijkt de methode-Peterson het perfecte tegengif voor de mengeling van knuffelen en beschuldigen waarin ze zijn grootgebracht.' - DAVID BROOKS, THE NEW YORK TIMES 'Hoewel ik in veel opzichten met Peterson van mening verschil, ben ik het hartgrondig eens met zijn nadruk op het zorgvuldig, zonder vooroordelen bekijken van grote maatschappelijke en persoonlijke kwesties om daar rationele, weloverwogen oplossingen voor te vinden. Dit boek staat er vol mee.' - LOUISE O. FRESCO 'Peterson stapt als een magiër door de ideeëngeschiedenis van het Westen, en hij maakt alles urgent, en stralend. Ja, er zijn regels voor het leven, met moeite gedistilleerd in de wildernis van het bestaan, gevoed met klassieke waarden en inzichten die de tand des tijds doorstaan, als wij volharden. Peterson is momenteel de belangrijkste "praktische" intellectueel.' - LEON DE WINTER 'Peterson is een genie op vele vlakken. 12 regels voor het leven is een groot, controversieel, ontvullend boek.' - THE TIMES 'Peterson is geen gebrek aan empathie te verwijten. Hij is als een vaderfiguur.' - TROUW

Summary of Robert L. Plummer's 40 Questions about Interpreting the Bible Aug 28 2019 Please note: This is a companion version & not the original book. Sample Book Insights: #1 To sum up the question, what is the difference between the Bible and other sacred texts. The answer is: The Bible is the Word of God. If you know that, you are halfway to understanding why Jesus said, He who does not listen to me [God] cannot have eternal life (John 5:24). The Old Testament prophets spoke God's Word to the people of Israel. God used a series of human authors to write down His Word. The author of the Old Testament books of Isaiah, Jeremiah, and Ezekiel all lived around the same time. So, there is a fairly close connection between their books and the life, ministry, and teachings of Jesus Christ. The New Testament reflects the life and ministry of Jesus Christ himself. It was written by many different authors over a period of about thirty years. The books were also assembled into a final form around 100 AD. So, there is no single author or editor who can be identified as being behind every book that appears in the New Testament. So, when we look at the Bible, we see that it is the work of many human authors and editors who were each inspired by the Holy Spirit to write what they wrote. #2 The Bible is the Word of God. It was written by many different authors and editors who were each inspired by the Holy Spirit to write what they wrote. The Bible itself is a collection of sixty-six smaller books, or literary works, which claim the Holy Spirit as the ultimate authority and safeguard behind their writing. #3 The Bible is the Word of God. It was written by many different authors and editors who were each inspired by the Holy Spirit to write what they wrote. The Bible itself is a collection of sixty-six smaller books, or literary works, which claim the Holy Spirit as the ultimate authority and safeguard behind their writing. #4 The Bible is the Word of God. The Craft of the Warrior Jan 14 2021 A big house, fancy cars, and money in the bank seldom lead to a fulfilling life, a life true to one's potential and essential nature. Ordinary life can be a prison, but it doesn't have to be that way. In this updated edition of *The Craft of the Warrior*, author Robert Spencer asserts that a new myth is emerging—one that guides people to a life of conscious living, where they escape the rat race and forge a new destiny based on real choice. The warrior's way leads from compulsion to freedom, from boredom to adventure, and from darkness to awareness. Synthesizing the works of Carlos Castaneda, Dan Millman, G.I. Gurdjieff, and Chogyam Trungpa, and combining personal growth processes including the Feldenkrais Method and Neuro-Linguistic Programming, Spencer opens the gate to anyone with enough spunk to enter this way of life. "The amount of free will we have is directly proportional to the degree of freedom we have from our compulsions," writes Spencer. "Getting that freedom is the task of the warrior's life."

Summary of Robert L. Leahy's Beat the Blues Before They Beat You Feb 24 2022 Please note: This is a companion version & not the original book. Sample Book Insights: #1 When I first met with Karen, she was 32 years old. She had been separated from her husband, Gary, for more than a year. Their marriage had started off badly four years before - Gary was domineering, dismissive of Karen's feelings, and critical of almost everything she did. #2 Karen had lost interest in other things, too. She had been eating junk food because it made her feel a little better for a few minutes, but she was gaining weight and losing control of her eating. #3 Depression is a worldwide epidemic that empties lives of meaning and joy. It can even kill. It is not uncommon for people to have depressive symptoms without having a formal diagnosis. #4 We have become more and more self-absorbed and less connected with one another. Our culture is marked by less and less of a sense of community. We have become more and more depressed, and this is because our culture is filled with unrealistic expectations and narcissism.

Second Witness: Analytical and Contextual Commentary on the Book of Mormon Sep 29 2019 Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon! Second Witness, a new six-volume series from Greg Kofford Books, takes a detailed, verse-by-verse look at the

Book of Mormon. It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document. Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics, anthropology, and ethnohistory, the commentary approaches the text from a variety of perspectives: how it was created, how it relates to history and culture, and what religious insights it provides. The commentary accepts the best modern scholarship, which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon's setting. For the first time, that location—its peoples, cultures, and historical trends—are used as the backdrop for reading the text. The historical background is not presented as proof, but rather as an explanatory context. The commentary does not forget Mormon's purpose in writing. It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of "convincing . . . the Jew and Gentile that Jesus is the Christ, the Eternal God."

Wetten van succes Feb 01 2020 In de winter van 2006 leerde Robert Greene de beroemde rapper 50 Cent kennen. Hun levensfilosofie bleek, ondanks grote persoonlijke verschillen, veel overeenkomsten te hebben. De kracht van 50 Cent ligt in zijn totale onbevreesdheid om meer risico te nemen dan een ander. Angst is een soort gevangenis en die je beperkt je in je handelen: hoe minder je vreest, hoe succesvoller je leven zal zijn. De wetten van succes zal de lezer inspireren over angst heen te stappen en het succes tegemoet te treden: een fascinerend boek voor ondernemers en managers. Meteen na verschijning prijkte De wetten van succes op de Amerikaanse bestsellerlijsten.

Moral Analysis Jul 08 2020 This is an introductory text for an ethics course that provides the theoretical background for discussion of ethical problems. It could be supplemented with essays or anthologies on a range of particular problems, or an instructor could focus on the problems that occupy the concluding chapters: abortion, whistle-blowing, and the relation between ethics and the law. The first few chapters present ethical theory in straightforward fashion discussing alternatives and providing historical orientation. The middle chapters develop what the author calls "action guides" with principles for applying them. The last few chapters demonstrate the theory and action guides at work.
