On a sunny morning in March 1987, four-year-old Stephen Nelson welcomes his new baby sister, Emily. Holding her for the first time, he vows to love and protect her, and to keep her safe forever. Nearly thirty years later, the two have lost touch and Stephen is homeless. Emily, however, has never given up hope of finding her brother again and when he arrives at the council office where she works, her wish comes true. But they say you should be careful what you wish for – and perhaps they're right, because there is a reason the two were estranged . . . As the two embark on a birding trip together, Emily is haunted by long-buried memories of a single June day, fifteen years earlier; a day that changed everything. Will confronting the secrets that tore them apart finally enable Emily and Stephen to make their peace – not just with their shared past and each other, but also themselves? Haunting, beautiful and uplifting, Katy Regan's *How to Find Your Way Home* is about sibling love, the restorative power of nature and how home, ultimately, is found within us.

The Idea Hunter Dec 30 2019 A different way of discovering and developing the best business ideas Jack Welch once said, "Someone, somewhere has a better idea." In this myth-busting book, the authors reveal that great business ideas do not spring from innate creativity, or necessarily from the brilliant minds of people. Rather, great ideas come to those who are in the habit of looking for great ideas all around them, all the time. Too often, people fall into the trap of thinking that the only worthwhile idea is a thoroughly original one. Idea Hunters know better. They understand that valuable ideas are already out there, waiting to be found - and not just in the usual places. Shows how to expand your capacity to find and develop winning business ideas Explains why ideas are a critical asset for every manager and professional, not just for those who do "creative" Reveals how to seek out and select the ideas that best serve your purposes and goals and define who you are, as a professional Offers practical tips on how to master the everyday habits of an Idea Hunter, which include cultivating great conversations The book is filled with illustrative accounts of successful Idea Hunters and stories from thriving "idea" companies. Warren

Buffet, Walt Disney, Thomas Edison, Mary Kay Ash, Twitter, and Pixar Animation Studios are among the many profiled.

Hear Yourself Apr 25 2022 New York Times Bestseller "Rawat's deep wisdom is a breath of fresh air; *Hear Yourself* gives the gift of peace and gratitude in a time we sorely need it."—Ian Morgan Cron, author of *The Story of You* and co-author of *The Road Back to You* "Hear Yourself invites us to take a journey from the outside world we live in everyday to the world of peace within us. I highly recommend this inspiring book to anyone ready to take that journey."—Bill McCarthy, Founder and President of The Unity Foundation The renowned teacher and author of the internationally bestselling *Peace Is Possible* shows us how to quiet the noise of our busy lives to hear our own unique authentic voice—the source of peace. The cacophony of modern life can be deafening, leaving us feeling frazzled and uneasy. In this warm, wise book, Prem Rawat teaches us how to turn down the noise to "hear ourselves"—to listen to the subtle song of peace that sings inside each of us. Once we learn to truly "hear ourselves" and the voice of peace within, then we can hold on to that as we face all the noise of the world. The culmination of a lifetime of study, *Hear Yourself* lays out the crucial steps we can use to focus on the voice within. Take a walk in nature and listen for the sounds of harmony, Prem Rawat suggests, or set aside a few minutes each day to feel gratitude, which comes from the core of our being. He challenges us to embrace our thirst for peace and let go of expectations for how it should feel. With one straightforward yet deeply profound question, he helps us to focus—to be present: Am I conscious of where I am today and what I want to experience in this world?" If we allow ourselves to listen, what we hear is the extraordinary miracle of existence—an experience that transforms our relationship to life and everything in it. Packed with powerful insights and compelling stories, *Hear Yourself* introduces readers to an ancient line of practical wisdom that enlightens us to a simple way to listen. By doing so, Prem Rawat reveals, we can "profoundly change our understanding of ourselves, those around us, and our lives."

Natural Wine for the People Aug 06 2020 A compact illustrated guide to the emerging and enormously popular category of natural wine, a style that focuses on minimal intervention, lack of additives, and organic and biodynamic growing methods. Today, wine is more favored and consumed than it's ever been in the United States--and millennials are leading the charge, drinking more wine than any other generation in history. Many have been pulled in by the tractor beam of natural wine--that is, organic or biodynamic wine made with nothing added, and nothing taken away--a movement that has completely rocked the wine industry in recent years. While all of the hippest restaurants and wine bars are touting their natural wine lists, and while more and more consumers are calling for natural wine by name, there is still a lot of confusion about what exactly natural wine is, where to find it, and how to enjoy it. In *Natural Wine for the People*, James Beard Award-winner Alice Feiring sets the record straight, offering a pithy, accessible guide filled with easy definitions, tips and tricks for sourcing the best wines, whimsical illustrations, a definitive list to the must-know producers and bottlings, and an appendix with the best shops and restaurants specializing in natural wine across the country, making this the must-buy and must-gift wine book of the year.

How To Be A Successful Game Tester Dec 10 2020 The technology of video games has progressed a great deal

since the creation of the first video game systems. An example of an earlier video game would be Pong. In this game two players would control simple lines that could only go up or down on the screen. These lines were controlled by paddles and the point of the game was to hit the bouncing ball and make your opponent miss it. The video games of today are much more advanced than that. They offer multiple genres of games that are sure to meet the interests of almost any person. Most of them can also be played online which offers an entire new experience in itself. Some people may not take the profession of video game testing as a serious career. Video game testing is actually quite important in the development of a game, some would argue that they are just as important as the programmers. The main job of a game tester is to go through a game, level by level, scene by scene, and make sure that everything is working correctly and that the game is functioning up to par. You will need some knowledge in programming and you will need an eye that pays very close attention to detail. In most cases, the difference between a top seller and a game that does not do well at all is attention to detail. Let Us Know What You Think!

The Holding Space Practice Jan 11 2021 It is always hard to summarize deep concepts and ideas in a nutshell in a way that makes sense or conveys the true nature and power of them. That said, here are a few things to give you the flavor of what The Holding Space Practice might include followed by the titles of the eight tools that are introduced as part of The Holding Space Workshop. What does it mean to Hold Space? Here is a starting point:* Honor individual without judgement, first self then family then others* Suspension of anxiety over expected outcomes* Accepting "now" as it really is without undue regret or control* Allowing self and others to choose as we avoid inappropriate pressure, collusion, manipulation and/or exploitation. These are the titles of the tools we use to work on Holding Space: 1. Being without doing 2. Bravely seeing truth 3. Feeling feelings without words 4. Allowing without trying 5. Gently noticing with curiosity 6. Staying in the space without giving into distraction 7. A place where time and space are fluid; where inside and outside meet 8. Love is the end result. It IS the space and circle. The Holding Space Workshop is free (in terms of money cost), but it will cost your time, energy and effort to make it meaningful. This workshop is given as a gift to anyone willing to receive it. Say Ja to Hygge! Jan 23 2022 'Dr Magnus Olsen has done the decent thing. He has punctured the smug hygge bubble. He has written a parody of hygge and he has blown out all the flipping candles.' The Times 'a hilarious pastiche of the hygge phenomenon...the cool humour gift book of 2016' Get The Gloss This little book of hygge came about after a particularly hyggeligt evening in December 2015. I had just lit my pleasing contemporary wood-burner and was sitting back, glass in hand, listening to Terj Dørn's classic drøn jazz album 'Tepid in Taarstrup'. I found myself reflecting on the fact that we are the World's Happiest People. Wasn't it time, I thought, we shared our secret? I immediately called around three of the Institute of Wellbeing's brightest young researchers: Freja, Olaf and Sofia. We sat together snug in my pure wool foursie, bathed on soft fire-light, and talked long into the evening. The idea came over us unexpectedly. We would publish a book, explaining hygge for the betterment of all mankind. I'm delighted that we have succeeded. And I hope our efforts will help you to find your own hygge-topia. Held og lykke!" Dr Magnus Olsen Director, Institute of Wellbeing, Aarhus *** The Danish hygge (pronounced 'huhpg-ghuhr') lifestyle is all about feeling snug, safe, warm and satisfied - ideally self-satisfied. But how should you go about finding your special cosy place? Let Dr Magnus Olsen be your guide to finding hygge in every area of your life - from the office to the bedroom. Hygge is derived from the Old Norse words hig, meaning cosy, and ger, meaning fire hazard. It is, in essence, a state of mind. (One that is heavily dependent on candles.) For some, achieving hygge will come easily. Others may have to work a little harder. But if you put in the hours - and follow the guidance in Say Ja to Hygge! - you will find your own hygge-topia. You will have become, in spirit, Danish. And - as the old song goes - there is nothing like a Dane! This truly hilarious send-up of hygge culture is a work of timely comic genius.
