The New York City Motorists' Parking Survival Guide Sep 21 2021 From decreasing the odds of receiving a parking ticket to dealing with a ticket once issued, this handbook outlines the most common violations and situations motorists will encounter when driving and parking throughout the greater New York City metro area. Operating on the premise that the best parking defense is knowledge, this guide begins with an in-depth analysis of the basic parking regulations—including those identified by posted signs such as No Parking, No Stopping, No Standing, and street cleaning as well as those monitored via parking meters—for the general public as well as commercial vehicles. Readers will also learn how to read a parking ticket, to identify the specific violation(s) cited, and scan the document to determine if there are any grounds for automatic dismissal. A handy chart of code violations and corresponding fines, tips on the appeal process, and a quick-reference guide to tow pounds further enhance the learning experience.

The RV Handbook Dec 01 2019 This new edition of *The RV Handbook* is for all types of RV enthusiasts - from a first-time buyer or renter to the most seasoned RV traveler. Packed with valuable information, checklists, photos, and charts, the guide tells you how to: buy an RV; avoid the single most common mistake novice RVers make; select a towing vehicle; avoid RV repair scams; benefit from technical trends in RV manufacturing; correct the bad towing habit that plagues even experienced RVers; and prevent explosive propane situations. With hundreds of proven RV tips, tricks, and techniques, this expanded handbook tells how to buy, maintain, and optimize RVs, saving both money and time.

Side by Sides Jul 28 2019 Side by side utility vehicles are also known as UTVs, SBSUTVs or SxS. They are increasingly popular as a replacement for quad bikes because of their enhanced safety features. They are vehicles which can carry passengers, travel off-road, tow a trailer, carry small cargo or equipment and manoeuvre around obstacles and over rough terrain. They have a steering wheel, pedals, harness seat belts, doors, a cargo net, a crush protection device (CPD), and most have a tray back for carrying small loads at the rear of the vehicle. This publication is a guide to safely using side by side utility vehicles including the pre-start safety check, routine servicing, driving on slopes or through sand, water and mud, loading and towing, and when loading and unloading the vehicle from the back of a truck or trailer.
