[The Beginner's Guide to FPV \(eBook\)](#) Sep 02 2022 In the last few years the first person view phenomenon has taken the RC world by storm. It has brought an entirely new field to the hobby with new thrills and challenges. Despite this, FPV remains a hobby that requires a steep learning curve, significant research, a decent investment and a lot of trial and error. This book is a beginner's guide to FPV piloting. It intends to bring the reader from zero knowledge of the subject to a position where they can safely conduct FPV flights. It covers the broad range of necessary topics such as vehicle selection, control link, video link, component placement, ground station design, interference troubleshooting, and tips for successful flights. It provides photographs of commonly used equipment and schematics of typical setups - including a detailed case study

on the author's own configurations. The must-have guide for any hobbyist new to the exciting world of FPV.

[God: A Beginner's Guide Ebook Epub](#) Oct 03 2022 This beginner's guide provides readers with the information they need to make informed decisions about frequently asked questions surrounding the existence of God - such as who is God and what do we mean when we say God? Key themes and ideas are presented clearly in jargon-free language. [Beginner's Russian with Interactive Online Workbook](#) Apr 16 2021 For beginners with no previous knowledge of the language who want to understand, speak, and read Russian confidently, Beginner's Russian with Interactive Online Workbook is the most accessible and carefully paced Russian course on the market. The innovative book includes lessons that cover everyday situations (family, jobs, introductions, eating and drinking, the Internet, and much more) as well as a gradual introduction to the language, Cyrillic alphabet, and grammar with thorough explanations and instructions. Along with the book, readers have access to an interactive website full of videos, audio, and self-correcting exercise

**New Headway beginner** Sep 09 2020 The world's best-selling English course - a perfectly-balanced syllabus with a strong grammar focus, and full support at all six levels. Headway's trusted methodology combines solid grammar and practice, vocabulary development, and integrated skills with communicative role-plays and personalization. Authentic material from a variety of sources enables students to see new language in context, and a range of comprehension tasks, language and vocabulary exercises, and extension activities practise the four skills. "Everyday English" and "Spoken grammar" sections practise real-world speaking skills, and a writing section for each unit at the back of the book provides models for students to analyse and imitate. Workbook audio available at a [href="https://elt.oup.com/student/headway/?cc=gbandselLanguage=en"](https://elt.oup.com/student/headway/?cc=gbandselLanguage=en) [www.oup.com/elt/hea](http://www.oup.com/elt/hea)

eBook Publishing for Beginners:How to Make Money Selling Your Digital Books Online Feb 24 2022 The print-on-paper book industry under threat as never before. This threat was exposed in a study by Barclay's Capital which suggested that a quarter of all worldwide book sales in 2015 will be made up of eBooks. The explosive growth of eBook publishing has serious ramifications for all bricks-and-mortar libraries, bookstores and the entire supply chain which supports them. Indeed the rationale for their very existence is under threat. This book will help publishers and authors understand the paradigm shift that is taking place. Unfortunately, the nascent eBook industry operates in a Tower of Babel with different eBook reading languages on competing devices offered by ruthless dog-eat-dog competitors; each of which is fighting for market share. It is no wonder that many publishers, self-publishers and authors are confused. That's where this book can help them. It reviews the myriad of different devices on which eBooks can be read and then it covers the different computer languages used to deliver them. Readers will find out what's involved in preparing their material so that it can be read in eBook format.

#### **Straightforward Beginner Workbook**

Reading & Writing Japanese: A Workbook for Self-Study May 18 2021 The easy way to learn the Japanese writing system! In this beginner's workbook, students of Japanese will learn to read and write the Hiragana and Katakana alphabets, as well as 50 basic Kanji characters. A step-by-step approach moves from tracing letters to reading and writing complete words quickly and effectively. In this comprehensive guide, language learners will find: The 92 Hiragana and Katakana letters 50 Kanji characters Illustrations to help you remember each letter and its associated sound An extensive bidirectional dictionary Hundreds of drills suitable for self-study or classroom use An answer key for all exercises Useful everyday vocabulary and phrases—from numbers and colors to food and social media Free printable flashcards to help you review what you've learned Online audio recordings by a native speaker to help with pronunciation Instead of dealing with separate Hiragana and Katakana workbooks, as is common, this comprehensive guide provides an efficient way to learn both with the help of one book.

EBOOK: A Beginners Guide to Evidence Based

Practice in Health and Social Care Apr 28 2022 Have you heard of 'evidence-based practice' but don't know what it means? Are you struggling with relating evidence to your practice? Do you want a straight forward, clearly written and practical guide to evidence-based practice? This is the book for anyone who has ever wondered what evidence-based practice is, how to relate it to practice or use it in academic work. Fully updated in this brand new edition, this book uses simple and easy to understand language to help those new to the topic. It provides a step by step guide to what we mean by evidence-based practice and how to apply this concept to your practice and learning. This new edition features: • Additional explanations with examples from health and social care practice, using a wider range of reviews and research • Inclusion of contemporary issues such as predatory journals, use of social media and rapid reviews • Practical solutions to the challenges of using more and better evidence in busy practice settings and in academic work • Revised and expanded useful web links highlighted throughout the book • Clearer explanations of difficult research terms and an updated glossary • New end-of-chapter quizzes to help assess how much you have learned A Beginner's Guide to Evidence-Based Practice in Health and Social Care, 3rd Edition is key reading for both students and professionals who need to search for, appraise and apply evidence in nursing, allied health care or social care. "This highly engaging book is a 'must-have' for health professionals who want to navigate their way through the professional and scientific literature and find the best available evidence to inform their decision-making." Debra Jackson, Professor of Nursing, Oxford Brookes University, UK and University of Technology, Sydney (UTS), Australia "This 3rd edition is an ideal text for undergraduate and postgraduate students as well as clinicians wanting to extend their practice in an evidence-based manner. It is presented in an engaging style that draws the reader in and the language is pitched to inform and educate a broad audience. A diverse range of examples are included to highlight key points so as to appeal to readers from a range of backgrounds. Overall this is a must-have text for a wide audience." Professor Elizabeth Halcomb, Professor of Primary Health Care Nursing, University of Wollongong, Australia

**Reading Russian Workbook for Children** Mar 16 2021 Whether your child already speaks Russian but needs to learn to read it or has no knowledge of the Russian Language and wants to start - Reading Russian for Children can help you with that. Based on our bestselling Reading Russian Workbook for adults, in this book we kept 90% of the content but adapted it to the children ages 6+. The vocabulary has been adjusted (milk instead of beer, etc.) and we added a child-friendly cover too! Many schools and language tutors use this book to teach school-aged children to read Russian. Upon completion of this book the children will be able to sound out all the words in Russian and will learn some basic Russian grammar and vocabulary.

**Easy Peasy Chinese Workbook** Mar 04 2020 A practical fill-in workbook for beginners learning Mandarin Chinese with everyday words, essential vocabulary, and hands-on practice. A fascination introduction to the Chinese writing system, Easy Peasy Chinese Workbook shows you how to write more than 200 of the most useful characters. This straightforward workbook helps to develop and perfect Mandarin Chinese writing skills and is the perfect companion to DK's Easy Peasy Chinese. Sections follow a logical progression, starting with different character strokes and everyday words, such as "hello" and "thank you", and progressing to the essential vocabulary needed to tell the time, order in a restaurant, or buy a train ticket. For children aged 7+ who are learning Mandarin at school, and for adults learning the language for travel, this book is ideal for beginners of all ages. Its clear modern design, inventive visuals and clear explanations make learning Chinese both accessible and fun!

**Beginning Readers Workbook (Bob Books)** Jul 08 2020 Don't miss this jumbo workbook jam-packed with stickers and activities tailored specifically for beginning readers!

**Teaching Beginning Writing, eBook** Mar 28 2022 This resource provides help with the basics of beginning writing--helping students learn to organize what they want to say, discover vocabulary to say it, and use structure to write it. Each skill is introduced at the oral level so students can readily formulate their ideas before trying to write them on paper. Activities address five stages of writing (pre-emergent, emergent, early, developing, and established) to help beginning writers progress through a continuum of skills. Great for ESL/ELL! Written by Jo Fitzpatrick, author of Phonemic Awareness and Reading Strategies That Work!

**EBOOK: A Beginner's Guide to Critical Thinking and Writing in Health and Social Care** Aug 01 2022  
Ever struggled to write a critical essay? Ever wondered what critical thinking actually is and how you can apply it in your academic work and practice? This bestselling guide takes you through every stage of becoming a critical thinker, from approaching your subject to writing your essays or dissertation in health and social care. Each chapter tackles a different aspect of critical thinking and shows you how it's done using examples and simple language. Beginning with an overview of the importance of critical thinking, the book goes on to cover: How to think critically about different types of information as potential evidence, including books, journals, articles, websites, and, new to this edition, social media How to demonstrate critical thinking in written work and presentations How to adopt critical thinking in

practice Updated with more references to online resources and critical appraisal tools, this fully revised second edition includes: The key tool 'Six questions for critical thinking' which will assist you in developing your skills for academic work and practice - updated for this edition in response to student evaluation An expanded worked example of critical analysis New exploration of the connection between theory and practice This book is an essential purchase for students and qualified healthcare staff alike and was highly commended in the BMA Medical Book Awards 2012. "This is an amazing book that I recommend to all levels of students as there is something in it for all. It is written in an easy to understand and friendly style that is accessible to anyone has an interest in critical thinking whether they are studying or not. It puts a different perspective on one's thinking and has even turned it on its head for some students. I love this book and the sound of the penny dropping for my learners!" Liz Rockingham, Adult Field Lead / Teaching Fellow, University of Surrey, UK "In my estimation this is the definitive beginner's guide to critical thinking and writing in health and social care. After reading this book any student should understand why and how critical thinking underpins professional practice and the highest endeavours in academic work and research. Within the book are three invaluable checklists: 1) 'Six questions for critical thinking', 2) 'Critical thinking skills in your written work' and 3) 'Critical thinking, or relying on routine'. A wonderful book for both Undergraduate and Masters' students and a must for hard-pressed academics who wish to encourage and endorse the need for critical thinking at all levels in all

of their students". Dr Ruth Davies, Associate Professor Child and Family Health, Swansea University, UK "I did not intend to read this book cover to cover but it was such a pleasure I did. The book by Aveyard, Sharp and Woolliams achieves exactly what it sets out to do and is a comprehensive and highly readable guide. In this little gem the mysteries of critical thinking and writing are unpacked. Useful tools, resources, activities and worked examples are included and the reader is guided to develop their own skills. From the initial challenge to explore their personal values, beliefs and assumptions, through to how to adopt critical thinking in practice, the reader is left in no doubt as to the valuable contribution this book will make to developing their skills of critical thinking and writing for professional practice." Ailsa Espie, Senior Lecturer, Division of Nursing, Queen Margaret University, UK "Health and social care professionals navigate through extensive quantities of information in the course of their work. The ability to think clearly and critically is fundamental for appraising and implementing evidence and knowledge in practice. This book is an excellent place to start learning these vital skills and I recommend it to my students and to you." Dr Martin Webber, Anniversary Reader in Social Work, University of York, UK "I would recommend this book to any health care student, not just nurses, that require help in starting out how to write critically in essays, presentations, literature reviews and dissertations." Jade Day, Student Nurse at Anglia Ruskin University, UK
