**Bigfoot Film Journal** Jun 26 2019 Bigfoot Film Journal

provides a detailed account and analysis of the circumstances and aftermath of one of the most controversial motion picture films in world history--the Patterson/Gimlin film. In October 1967, Roger Patterson and Robert Gimlin filmed what many people believe was an actual sasquatch or bigfoot on a shore of Bluff Creek in Northern California. The one-minute film they took of the creature has been vigorously debated for over 40 years, and it continues to reside in the annals of the "unexplained." The creature filmed cannot be proven to be either an actual primate of some sort or a fabrication. Much has been written about the film in the past, but the details of the filming

and its aftermath have not been thoroughly researched and subjected to in-depth critical analysis. With the assistance and cooperation of Robert Gimlin and several major sasquatch/bigfoot researchers, the author has methodically detailed the fascinating story of the filming and the subsequent events. Many little known (or indeed previously unknown) facts are presented that dismiss, or at the very least challenge, current beliefs and understandings. For those interested in the bigfoot/sasquatch issue, here is the "behind the scene" account of what has become to many people the most compelling evidence of the creature's existence.

*The Last Days of the Sioux Nation* Oct 23 2021 This fascinating account tells what the Sioux were like when they first came to their reservation and how their reaction to the new system eventually led to the last confrontation between the Army and the Sioux at the Battle of Wounded Knee Creek. A classic work, it is now available with a new preface by the author that discusses his current thoughts about a tragic episode in American history that has raised much controversy through the years. Praise for the earlier edition: "History as lively and gripping as good fiction." "One of the finest books on the Indian wars of the West."--Montana "A well-told, easily read account that will be the standard reference for this phase of the Indian 'problem.'"--American Historical Review "A major job . . . magnificently researched."--San Francisco Chronicle "By far the best treatment of the complex and controversial relationship between the Sioux and their conquerors yet presented and should be must reading for serious students of Western Americana."--St. Louis Dispatch (on the earlier edition) Winner of the Buffalo Award

**Tracking Big Foot (XBooks: Strange)** Oct 03 2022 Big foot! Yeti! Does this creature exist? High-interest topics, real stories,

engaging design and astonishing photos are the building blocks of the XBooks, a new series of books designed to engage and motivate reluctant and enthusiastic readers alike. Formidable footprints found! Something enormous is out there. It 's too big to be human. It must be a...

**You Live Where?** Dec 13 2020 Do you live in Scotland, Denmark, China or Peru? Do you live in Paris, London, Moscow or Berlin? You can live in any of these places and still live in America. There is Indiana, PA; Florida, NM; and Honolulu, NC. Many family names (first, second and last) are found in the towns and communities where we live all across America. One may also find a variety of interesting, even fun names, including Asylum, Bamboo, and Cow Yard. These pages contain tens of thousands of names dealing with occupations, animals, plants, and points around the globe.

Bigfoot Sep 02 2022 Last August, two men in rural Georgia announced that they had killed Bigfoot. The claim drew instant, feverish attention, leading to more than 1,000 news stories worldwide—despite the fact that nearly everyone knew it was a hoax. Though Bigfoot may not exist, there's no denying Bigfoot mania. With *Bigfoot*, Joshua Blu Buhs traces the wild and wooly story of America's favorite homegrown monster. He begins with nineteenth-century accounts of wildmen roaming the forests of America, treks to the Himalayas to reckon with the Abominable Snowman, then takes us to northern California in 1958, when reports of a hairy hominid loping through remote woodlands marked Bigfoot's emergence as a modern marvel. Buhs delves deeply into the trove of lore and misinformation that has sprung up around Bigfoot in the ensuing half century. We meet

charlatans, pseudo-scientists, and dedicated hunters of the beast—and with Buhs as our guide, the focus is always less on evaluating their claims than on understanding why Bigfoot has inspired all this drama and devotion in the first place. What does our fascination with this monster say about our modern relationship to wilderness, individuality, class, consumerism, and the media? Writing with a scientist's skepticism but an enthusiast's deep engagement, Buhs invests the story of Bigfoot with the detail and power of a novel, offering the definitive take on this elusive beast.

House documents Jul 28 2019

**The Lakotas and the Black Hills** Mar 28 2022 The story of the Lakota Sioux's loss of their spiritual homelands and their remarkable legal battle to regain it The Lakota Indians counted among their number some of the most famous Native Americans, including Sitting Bull and Crazy Horse. Their homeland was in the magnificent Black Hills in South Dakota, where they found plentiful game and held religious ceremonies at charged locations like Devil's Tower. Bullied by settlers and the U. S. Army, they refused to relinquish the land without a fight, most famously bringing down Custer at Little Bighorn. In 1873, though, on the brink of starvation, the Lakotas surrendered the Hills. But the story does not end there. Over the next hundred years, the Lakotas waged a remarkable campaign to recover the Black Hills, this time using the weapons of the law. In *The Lakotas and the Black Hills*, the latest addition to the Penguin Library of American Indian History, Jeffrey Ostler moves with ease from battlefields to reservations to the Supreme Court, capturing the enduring spiritual strength that bore the Lakotas through the worst times and kept alive the dream of reclaiming their cherished homeland.

**Sioux Code Talkers of World War II** Jan 26 2022 Told by the

great-niece of John Bear King, who served in the First Cavalry in the Pacific Theatre as a Sioux Code Talker, this comprehensively informative title explores not only the importance of the indigenous peoples to the war, but also their culture and values. *The Sioux Code Talkers of World War II* follows seven Sioux who put aside a long history of prejudice against their people and joined the fight against Japan. With a personal touch and a deft eye for engaging detail, author Andrea M. Page brings the Lakota story to life.

**God, Greed, and Genocide** Nov 11 2020 What are the similarities between the mass extermination of idolaters in the Old Testament, the burning of witches in the Middle Ages, the extermination of native Americans, the mass killing of the Armenians at the hand of the Turks, the Holo- caust of the European Jews, and the communist eradication of the enemies of the people both in the Soviet Union and Cambodia? Are these to be seen as unique cases, or as the result of a recognizable pattern. The author provides insight into these questions, basing his argument on the latest sources. He maintains that the study of the dynamics that lead to mass destruction may provide a better understanding of the holocaust as a recurrent phenomenon.

American Carnage Dec 25 2021 As the year 1890 wound to a close, a band of more than three hundred Lakota Sioux Indians led by Chief Big Foot made their way toward South Dakota's Pine Ridge Reservation to join other Lakotas seeking peace. Fearing that Big Foot's band was headed instead to join "hostile" Lakotas, U.S. troops surrounded the group on Wounded Knee Creek. Tensions mounted, and on the morning of December 29, as the Lakotas prepared to give up their arms, disaster struck. Accounts vary on what triggered the violence as Indians and soldiers unleashed thunderous gunfire at each other,

but the consequences were horrific: some 200 innocent Lakota men, women, and children were slaughtered. *American Carnage*—the first comprehensive account of Wounded Knee to appear in more than fifty years—explores the complex events preceding the tragedy, the killings, and their troubled legacy. In this gripping tale, Jerome A. Greene—renowned specialist on the Indian wars—explores why the bloody engagement happened and demonstrates how it became a brutal massacre. Drawing on a wealth of sources, including previously unknown testimonies, Greene examines the events from both Native and non-Native perspectives, explaining the significance of treaties, white settlement, political disputes, and the Ghost Dance as influential factors in what eventually took place. He addresses controversial questions: Was the action premeditated? Was the Seventh Cavalry motivated by revenge after its humiliating defeat at the Battle of the Little Bighorn? Should soldiers have received Medals of Honor? He also recounts the futile efforts of Lakota survivors and their descendants to gain recognition for their terrible losses. Epic in scope and poignant in its recounting of human suffering, *American Carnage* presents the reality—and denial—of our nation’s last frontier massacre. It will leave an indelible mark on our understanding of American history.

**Voices of the American West** Jun 30 2022 The valuable interviews conducted by Nebraska judge Eli S. Ricker with Indian eyewitnesses to the Wounded Knee massacre, the Little Big Horn battle, the Grattan incident, and other events and personages of the Old West are finally made widely available in this long-awaited volume. ø In the first decade of the twentieth century, as the Old West became increasingly distant and romanticized in popular consciousness, Eli S. Ricker (1843?1926) began interviewing those who had experienced it firsthand, hoping to write a multi-volume series about its last

days. Among the many individuals he interviewed were American Indians, mostly Sioux, who spoke extensively about a range of subjects, some with the help of an interpreter. For years Ricker traveled across the northern Plains, determinedly gathering information on and off reservations, in winter and in summer. Judge Ricker never wrote his book, but his interviews are priceless sources of information about the Old West that offer more balanced perspectives on events than were accepted at the time. ø Richard E. Jensen brings together all of Ricker's interviews with American Indians, annotating the conversations and offering an extensive introduction that sets forth important information about Ricker, his research, and the editorial methodology guiding the present volume.

Bigfoot! Jun 18 2021 For years, scientists and researchers have studied, speculated about, and searched for an enigmatic creature that is legendary in the annals of American folklore. Now, learn the truth about... BIGFOOT! In this fascinating and comprehensive look at the fact, fiction, and fable of the North American "Sasquatch," award-winning author Loren Coleman takes readers on a journey into America's biggest mystery -- could an unrecognized "ape" be living in our midst? Drawing on over forty years of investigations, interviews, and fieldwork on these incredible beasts, Coleman explores the modern debates about these powerful, ape-like creatures, why they have remained a mystery for so long, and what we can learn about ourselves from these animals, our nearest cousins! From reports of Bigfoot's existence found in ancient Native American traditions, to the controversial Patterson-Gimlin film of a Bigfoot in the wild, to today's Internet sites that record the sightings almost as soon as they occur, Coleman uncovers the past, explains the present, and considers the future of one of the greatest unsolved mysteries in the natural world.

**Big Foot** May 30 2022 Each book in this series presents a fun "autobiography" of a popular mythical character. Amusingly illustrated and with simple levelled text, the books will be sure to hook in reluctant readers. The autobiographical style and text in the first person will also make the books work well as example of Common Core genres and text types. In this book, Big Foot tells his story.

**Reading with the Kids at Bailey School Gr. 2-4** May 18 2021

**Bigfoot Exposed** Apr 28 2022 In *Bigfoot Exposed*, biological anthropologist and primate physiology specialist David J. Daegling objectively examines the northwest American myth of Bigfoot. Using scientific methodology, Daegling systematically and persuasively repudiates the evidence purportedly demonstrating the creature's existence, and ultimately concludes that Bigfoot exists only in the popular imagination.

**Paranormal Nation: Why America Needs Ghosts, UFOs, and Bigfoot** Oct 11 2020 This thought-provoking study of paranormal phenomena traces the impact of supernatural beliefs on popular culture and, conversely, examines the influence of new communication technologies on research being conducted in the field.

**Annual Report of the Secretary of War** Aug 28 2019

**Hatchet Jobs and Hardball** Jan 14 2021 A collection of more than six hundred slang terms of American political speech encompasses informative entries on words such as "boondoggle," "juice bill," and "Joe Citizen," including both the definition of the word and its historical background.

*Notices of Determinations by Jurisdictional Agencies Under the Natural Gas Policy Act of 1978* Nov 23 2021

**The Culture of Efficiency** Apr 04 2020 The Culture of Efficiency: Technology in Everyday Life reveals how people are managing, exploiting, and resisting technological developments in the digital age. In this unique volume, distinguished experts from a broad range of fields candidly show how the latest technologies are being used to transform and control nitty-gritty aspects of life from conception onward and the surprising benefits and consequences. Bold and provocative, The Culture of Efficiency is for everyone concerned with efficiency and effectiveness. It offers fresh insights about social trends, practical suggestions for improving everyday life, and vital forecasts about the future of work and leisure. This is essential reading for researchers, professionals, and students in communication, sociology, education, anthropology, psychology, organizational science, operations management, marketing, gender studies, environmental studies, American

studies, healthcare, and social policy. Overall, the volume offers a rich interpretation of the meaning of living in a culture of efficiency.

The Adventures of Big-foot Wallace Feb 24 2022

Big Foot Adventures Down Under Nov 04 2022 Out of the dawn of Man they came; the huge, hairy, monstrous ape-men of the aboriginal myth and legend. They haunted the more remote, mountainous forest recesses of the Australian continent, as well as the inhospitable open country of the vast interior... They are 'megastralian' monster-men of both myth and reality who come from a time, lost so far back in the mists of the past that their origins can at present only be guessed at. Yet they lived - for they have left evidence of their former presence, in the folklore of our aborigines, as well as in their massive stone implements scattered across the country, and in the often monstrous foot prints they left to fossilize into rock as they journeyed across the landscape of this timeless land... Excerpts from 'Giants From the Dreamtime - The Yowie in Myth and Reality' - Rex Gilroy.

Red Cloud and the Sioux Problem Dec 01 2019 From the mid-1860s until the end of organized resistance on the Great Plains, Red Cloud, the noted Oglala Sioux, epitomized for many the Indian problem. Centered on Red Cloud's career, this is an admirably impartial, circumstantial, and rigorously documented study of the relations between the Sioux and the United States government during the years after the Civil War.

The Plains Sioux and U.S. Colonialism from Lewis and Clark to Wounded Knee Feb 12 2021 Publisher Description

Bigfoot in Maine Aug 21 2021 "A well-researched history of curious Sasquatch encounters . . . Souliere makes an enthusiastic and engaging argument for the existence of Bigfoot." —Kirkus Reviews The dark woods of Maine have been the setting for many eerie and unexplained events, none more captivating than sightings of a giant hominid known as Bigfoot. But what makes this corner of New England such a perfect place for this cryptid to live? Learn about the ecology and geography that support the legend and meet the people forever changed by close encounters with it. From previously unpublished eyewitness accounts to modern-day media portrayals, author and illustrator Michelle Souliere presents this detailed history of the phenomenon and

folklore that has lurked in shadows for generations. “Detailed, intriguing . . . As one reads the testimonials in *Bigfoot in Maine*, which date from the 1960s to the present, even a non-believer will start to question their assumptions.” —Mainer “The case *Bigfoot in Maine* makes is compelling, extensively researched, and delicately handled.” —Livermore Falls Advertiser “Includes first-person accounts from those who say they have seen the cryptid in Maine.” —The Portland Press Herald

*Wounded Knee Massacre* Aug 09 2020

*An Ecological Characterization of the Central and Northern California Coastal Region: Watersheds and basins* (2 v.) May 06 2020

Life in a Corner Apr 16 2021 Robert S. McPherson, the region’s leading historian, draws on oral history and personal archives to write about cowboys and homesteaders, loggers and sawmill operators, law enforcement officers and bootleggers, miners and midwives, trappers and builders. In *Life in a Corner*, he shapes their stories into a fascinating mosaic of cultural and environmental history unique to this region.

Big Foot Aug 01 2022 Footprints and a dead woman bring together Superintendent Minton and the amateur sleuth Mr Cardew. Who is the man in the shrubbery? Who is the singer of the haunting Moorish tune? Why is Hannah Shaw so determined to go to Pawsy, 'a dog lonely place' she had previously detested? Death lurks in the dark and someone must solve the mystery before BIG FOOT strikes again, in a yet more fiendish manner.
