Demystifying Criminal Justice Social Work in India Nov 28 2019 This book addresses a gap in the academic and professional literature in the area of criminal justice social work. This compilation explores the scope of responsibilities undertaken by social workers in the field of criminal law in India when dealing with clients who are either offenders or victims of crime. It provides an in-depth understanding of the socio-structural, legal and practical challenges faced by Indian criminal justice social workers. The book encourages social work professionals and students to consider three major areas: encouraging education and training in this subject; protecting the human rights of offenders and victims of crime; and addressing mental illness within the criminal justice system. It hopes to demystify social work in the area of criminal justice, particularly because of the stigma attached to it, given the potentially coercive enforcement of criminal law alongside the traditional ethos of social work being primarily about 'caring', 'empathy' and 'empowerment'.

Extreme Killing May 03 2020 Extreme Killing offers you a comprehensive overview of multiple homicide, including both serial and mass murder. Filled with classic and contemporary case studies, this fully updated Fourth Edition reflects a growing concern for specific types of multiple homicides—indiscriminate public massacres, terrorist attacks, hate crimes, and school shootings—as well as largely debated issues such as gun control and mental illness. Renowned experts and authors in the field, James Alan Fox, Jack Levin, and Emma Fridel bring their years of research and experience to create distinctions between serial and mass murders, address characteristics of both killers and their victims, and recognize the special concerns around multiple murder victims and their survivors. You will examine the latest theories of criminal behavior and apply them to mass and serial murderers from around the world, such as the mass shooting at a country

music festival in Las Vegas, the Grim Sleeper in Los Angeles, the Pulse nightclub massacre in Orlando, the shooting of nine African Americans by a white supremacist in a Charleston church, and more.

Coping with Crime on Campus Jan 29 2020 The authors explain colleges' and universities' liabilities for specific crimes in this new version of the original title *Coping with Crime on Campus*, 1988. They discuss issues such as sex crime, computer crime, current legislation affecting higher education, the Campus Security Act, risk management, and the miscreant employee, and suggest ways to anticipate worst-case scenarios. Includes checklists for evaluating procedures. Annotation copyright by Book News, Inc., Portland, OR

Campus Crime Sep 30 2022 This new edition of *Campus Crime* shares with readers the advancements that have been made in understanding campus crime. Across the three sections of the book, chapters review changes while also addressing current – and even future – crime and security issues confronting institutions of higher education. Some of these chapters address long-standing topics such as the sexual victimization of college women and the role of campus police departments in securing IHEs. Other chapters address new issues in campus crime such as drugging victimization, concealed carrying of firearms on campus, and “technology-based” security issues such as the challenges posed by cybercriminals, as well as activities like cyberstalking and identity theft that involve campus community members both as victims and offenders. Although there are new topics and contributors to this edition, the previously covered chapters have

been updated as well. The authors have brought together contributors who could provide both a current picture and critical analysis of issues concerning the legal, social, security, and policy contexts of campus crime. The chapters review topics at hand, offer substantive, critical analyses, thought-provoking discussion, and raise relevant policy issues, questions, and answers. This fourth edition combines seasoned campus crime experts with those relatively new to the study of campus crime who represent the next generation of scholars and practitioners in the field and bring with them the passion that comes with beginning to address what they see as the issues, explanations, solutions for, and responses to campus crime.

Handbook on Crime Oct 08 2020 The Handbook on Crime provides analysis and explanation of the nature, extent, patterns and causes of over 40 different forms of crime, in each case drawing attention to key contemporary debates and social and criminal justice responses. It also challenges many popular and official conceptions of crime. The Handbook on Crime is by far the most comprehensive and wide-ranging book of its kind, with contributions from leading authorities in their field. This book is one of the few criminological texts that takes as its starting point a range of specific types of criminal activity. It addresses not only 'conventional' offences such as shoplifting, burglary, robbery, and vehicle crime, but many other forms of criminal behaviour - often an amalgamation of different legal offences - which attract contemporary media, public and policy concern.

The Dark Side of the Ivory Tower Aug 30 2022 A cursory reading of the history of U.S. colleges and universities reveals that violence, vice, and victimization - campus crime - has been part of collegiate life since the Colonial Era. It was not until the late 1980s - some 250 years later - that campus crime suddenly became an issue on the public stage. Drawing from numerous mass media and scholarly sources and using a theoretical framework grounded in social constructionism, *The Dark Side of the Ivory Tower* chronicles how four groups of activists - college student advocates, feminists, victims and their families, and public health experts - used a variety of tactics and strategies to convince the public that campus crime posed a new danger to the safety and security of college students and the Ivory Tower itself, while simultaneously convincing policymakers to take action against the problem. Readers from a range of disciplinary interests, campus security professionals, and informed citizens will find the book both compelling and valuable to understanding campus crime as a newly constructed social reality.

The New Security Nov 08 2020 The New Security places the concept of 'security' under the spotlight to analyse its meaning in an original and contemporary context. In so doing, Forbes-Mewett revisits the notion from the perspectives of individuals and communities to understand what security means in our culturally diverse, contemporary society. Chapters highlight the extent of the shift of traditional uses of the term from the established perspective of international relations to a more commonly used concept which now broadly relates to many aspects of peoples' everyday experiences. Based on empirical studies of security in relation to housing, employment, food, personal security and campus settings in times of perceived heightened risk, this book presents new and different ways of thinking about security to demonstrate how we need to expand the dialogue surrounding the concept. Drawing on empirical research to describe, analyse and reposition the concept of security to have meaning in diverse everyday contexts, this methodological and insightful text will be of particular interest to scholars and students of criminological theory, security studies and sociology.

HANDBK FOR CAMPUS SAFETY & SEC May 15 2021 Choosing a postsecondary institution is a major decision for students and their families. Along with academic, financial and geographic considerations, the issue of campus safety is a vital concern. In 1990, Congress enacted the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 (HEA). This act required all postsecondary institutions participating in HEA's Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, 2000 and 2008. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her

dorm room in 1986. It is generally referred to as the Clery Act and is in section 485(f) of the HEA. On March 7, 2013, the Violence Against Women Reauthorization Act of 2013 (VAWA) (Public Law 113-14) was signed into law. VAWA includes amendments to the Clery...

Hearing on Campus Crime and H.R. 2416, to Amend the Higher Education Act of 1965 to Require Open Campus Security Crime Logs at Institutions of Higher Learning Jan 23 2022 This Congressional hearing report covers testimony given to the Subcommittee on Postsecondary Education, Training and Life-Long Learning relating to the issue of crime on college campuses. Specifically the testimony addressed a proposed bill before the House of Representatives, the Open Campus Police Logs Act, which would amend the Higher Education Act of 1965. Testimony also addressed the effectiveness of the existing Crime Awareness and Campus Security Act of 1990, which was included as part of the Student Right to Know Campus Security Act, enacted to provide reliable information to parents and students about criminal activity on college campuses. Transcripts are provided of the testimony of witnesses concerning: the effectiveness of the existing law, how the law is being administered by the Department of Education, whether schools and the Department have been abiding by both the spirit and requirements of the law, what suggestions witnesses have for further changes to the law, and views of proposed Open Campus Police Logs Act. Transcripts are included of statements offered by five concerned private individuals, two school administrators, and David Longanecker, Assistant Secretary for Postsecondary Education. In addition to the oral testimony, prepared statements, letters, and supplementary materials are included in the report. (CH)

Het meisje en de nacht Apr 01 2020 Een jonge vrouw verdwijnt in de nacht. Drie vrienden verbonden door een tragisch geheim. Ze zien elkaar na jaren weer terug bij de reünie van hun school... De Franse Riviera, winter 1992 In een ijskoude nacht, wanneer de campus van een elitaire kostschool geteisterd wordt door een sneeuwstorm, verdwijnen de negentienjarige modelleerling Vinca Rockwell en de filosofieleraar met wie zij een geheime relatie had. Voor Vinca is de liefde 'alles of niets'. Niemand zou haar ooit nog terugzien. De Franse Riviera, voorjaar 2017 De ooit onafscheidelijke Manon, Thomas en Maxime – Vinca's beste vrienden – hebben elkaar niet meer gesproken sinds hun afstuderen. Ze zien elkaar voor het eerst weer terug bij de reünie van hun school. Vijftientig jaar geleden pleegden de drie onder vreselijke omstandigheden een moord, waarna ze het lichaam verborgen in de muur van hun gymzaal. Dezelfde muur die nu gesloopt gaat worden om plaats te maken voor een ultramodern gebouw. Wat is er werkelijk gebeurd in die koude nacht,

zo lang geleden?

College Drinking Jul 17 2021 Drinking is recognized as one of the most important problems confronting students on campus today, with major impacts on health and safety. This book answers crucial questions about why students drink, examines its complex links to campus crime and sexual assault, and offers new insights on how to address the issue. It differs from other studies of college drinking by dispelling the myth that the problem is universal. Dowdall's research reveals that the incidence of alcohol abuse varies enormously between colleges, and in doing so identifies interventions and policies that have been effective, and those that have failed. His study is also unique in looking "upstream" at the broader cultural, organizational and social forces that shape this behavior, where most studies focus only on "downstream" behaviors, well after students have selected their college and have started drinking. Students and parents can take action to lower the risk of binge drinking by following the book's recommendations, and consulting the data it provides about alcohol violations and crime at thousands of colleges. For administrators and student affairs personnel, it both defines and illuminates the issue, and outlines effective interventions.

Unsafe in the Ivory Tower Feb 09 2021 An unprecedented look at college women's risks of and experiences with sexual victimization *Unsafe in the Ivory Tower* examines the nature and dimensions of a salient social problem—the sexual victimization of female college students today, and how women respond when they are, in fact, sexually victimized. The authors discuss the research that scholars have conducted to illuminate the origins and extent of this controversial issue as well as what can be done to prevent it. Students and other interested readers learn about the nature of victimization

while simultaneously gaining an understanding of the ways in which criminologists, victimologists, and social scientists conduct research that informs theory and policy debates. Key Features Provides detailed information about sexual victimization on college campuses today Introduces broad lessons about the interactions of ideology, science and methodology, and public policy Integrates current data, research, and theory, based on the authors' national studies of more than 8,000 randomly selected female college students Intended Audience This supplemental text is ideal for courses such as Sex Crimes, Violence and Abuse, Victimology, Gender and Crime, Sociology of Violence, Sociology of Women, and the Sociology of Sex and Gender in departments of criminology, criminal justice, sociology, and women's studies. It is also useful for those involved in studying or creating public policy related to this issue and for those interested in sexual victimization on campuses generally.

Campus Crime Nov 01 2022 Criminologists, political scientists, sociologists, planners, lawyers, security experts, and policy advocates address the most pressing crime and security issues that continue to face post-secondary administrators and their students, faculty, and staff. Each chapter addresses a specific issue, presents original research bearing on the issue, and discusses policy implications for higher education of the research. While some chapters continue to address long-standing topics such as sexual victimization and the role of campus police departments, many chapters address new and emerging topics such as stalking, computer hacking, and identity theft. The final part of the book suggests future directions for research, programs, and policies. Here, the authors review some of the major questions about campus crime and security that are still in need of answers and relate these to programs and policy decisions by campus administrators.

Introduction to Criminal Justice Sep 18 2021 Winner of the 2020 Textbook Excellence Award from the Textbook & Academic Authors Association (TAA) "The contemporary issues and challenges confronting the U.S. justice system are critically and comprehensively examined in the latest edition of Introduction to Criminal Justice: Systems, Diversity, and Change. The text applies a unique lens to understanding the interconnected nature of crime and justice, the role of diversity, and how technology has changed the field of law enforcement, the courts, and the correctional system."

—Christina Mancini, Virginia Commonwealth University Helping students develop a passion to learn more about the dynamic field of criminal justice, this concise bestseller introduces students to the criminal justice system by following the case studies of four individuals in their real-life progression through the system. Each case study is strategically woven throughout the book to help students remember core concepts and make connections between different branches of the system. In addition to illustrating the real-life pathways and outcomes of criminal behavior and victimization, authors Callie Marie Rennison and Mary Dodge provide students with a more inclusive overview of criminal justice by offering insight into

overlooked demographics and the perspectives of victims. This newly revised Third Edition encourages students to think critically and discuss issues affecting today's criminal justice system with engaging coverage of victims, criminal justice professionals, offenders, and controversial issues found in the criminal justice process. Criminology Mar 01 2020 This highly acclaimed criminology text presents an up-to-date review of rational choice theories, including deterrence, shaming, and routine activities. It also incorporates current examples of deterrence research regarding domestic violence, drunk driving, and capital punishment, and features thought-provoking discussion of the relativity of crime. The authors explore the crime problem, its context, and causes of crime. The organization of the text reflects the fact that the etiology of crime must be at the heart of criminology. It examines contemporary efforts to redefine crime by focusing on family violence, hate crimes, white-collar misconduct with violent consequences, and other forms of human behavior often neglected by criminologists. Extensive discussion of evolving laws is included, and while the prevalence of the scientific method in the field of criminology is highlighted, the impact of ideology on explanations of crime is the cornerstone of the book. Comprehensive introductory textbook that looks at competing answers to the question, "Why do people commit crimes?" Student-friendly figures, features, highlights, and full-color photos. Each chapter includes learning objectives, discussion questions, and lists of key terms and concepts, key criminologists, and important legal cases. The eighth edition includes updates throughout and expanded coverage of biosocial theories of crime and life-course criminology.

Victims, Crime and Society Dec 30 2019 'Focusing on key issues, themes and concepts within victimology, this edited collection provides an accessible and comprehensive critical analysis of crucial areas within victimisation. The main theories are related to, and integrated with, empirical research in an engaging style.' - Dr Anette Ballinger, Keele

University 'This book achieves the rare feat of helping its readers without patronising them. The aids to the reader - tables, boxes, glossaries, questions, and suggestions for further reading - will prove genuinely helpful to students and their teachers, but they appear within a text that is theoretically informed as well as comprehensive and up to date in its coverage. It deserves to be widely read and used in the teaching of criminology, victimology, and criminal justice' - Professor David Smith, University of Lancaster, UK. Organized around the intersecting social divisions of class, race, age and gender, the book provides an engaging and authoritative overview of the nature of victimisation in society. In addition to a review of the major theoretical developments in relation to understanding aspects of victimization in society, individual chapters explore the political and social context of victimisation and the historical, comparative and contemporary research and scholarly work on it. Each chapter includes the following: - Background and glossary - Theory, research and policy review - 'Thinking critically about...' sections - Reflections and future research directions - Summary and conclusions - Annotated bibliography Victims, Crime and Society is the essential text on victims for students of criminology, criminal justice, community safety, youth justice and related areas.

College Crime Mar 25 2022 "This book examines the breadth of serious criminality and victimization occurring on college and university campuses across the United States, placing special emphasis on sexual assault, dating violence, stalking, hate crime, and murder. The book also provides several victim resources and a guide to laws relevant to the prevention and deterrence of on-campus crime"--Provided by publisher.

Security on Campus Oct 20 2021 This document presents the transcript of a congressional hearing held before a Senate subcommittee concerning reporting requirements of the Student Right to Know and Campus Security Act of 1990. Among issues addressed is whether the definition of "campus" includes buildings used partially or completely for commercial purposes, sidewalks, and hospitals, and whether hate crimes should be included in reporting requirements. Emphasis is on a current case involving the University of Pennsylvania. Following an opening statement by Senator Arlen Specter, the report includes the texts of oral statements and prepared statements by the following individuals or organizations: Howard Clery, founder of Security on Campus, Inc.; Jacob McKee, a student; Barbara Prentice, a parent; Stanley Ikenberry, president of the American Council on Education; Michele Goldfarb, administrator at the University of Pennsylvania; Peter C. Erichsen, vice president and general counsel at the University of Pennsylvania; Dolores A. Stafford, director of the university police department at George Washington University (District of Columbia); the International Association of Campus Law Enforcement Administrators; David A. Longanecker, Assistant Secretary for Postsecondary Education, U.S. Department of Education; and Robert C. Torricelli, U.S. Senator. (DB)
