*Alles wat je lief is* Sep 03 2020 Je kunt misschien niet alles voorspellen, maar sommige dingen wel. Dat ik verliefd ga worden op Olly, bijvoorbeeld. En dat het op een ramp zal uitdraaien. Madeline is allergisch voor de wereld. Zo allergisch dat ze al zeventien jaar niet buiten is geweest. De enige mensen die ze te zien krijgt, zijn haar moeder en verpleegster Carla. Madeline verdrijft de tijd met lezen en het schrijven van 'spoilende' boekbesprekingen. Tot er een nieuwe jongen naast haar komt wonen, met ogen in de kleur van de Atlantische oceaan: Olly. Hun vriendschap begint online, maar al gauw is dat niet meer genoeg... Alles wat je lief is gaat over het verlangen naar het onbereikbare, en over alles wat we op het spel zetten voor de liefde. Dit e-book is alleen geschikt voor de tablet. U kunt het niet lezen op een e-reader

**How to Get Kids to do What You Want** Oct 16 2021 What is 'solution-focused' parenting, and how can it help you get your kids to do what you want? In other words, why should you read this book? The purpose of this book is simply to help you become more powerful and influential in the life of your child. Sound appealing? The approach is designed to help you focus your time and energy on teaching your kids what you want them to learn. In addition to helping you conserve and best utilize your time and energy, the solution-focused approach is also designed to minimize your child's resistance to hearing and learning from what you have to say. This book isn't about a miracle cure or magic potion that will turn your kids into little beings that hang on your every word, and live to do your bidding. It is simply a model for interacting with them in a way that: -Keeps you from getting caught in a power struggle that puts you at odds with children -Shows you how to tap into your children's internal motivation to hear what you have to say as valuable -Reinforces the values and qualities that you want them to have as adults This book goes a long way to establishing the sort of relationship where children actually hear what their parents are saying, and even look to them for help and guidance!

**How To Do Everything** Oct 28 2022 It may not be great literature — but at least it's handy. From the mastermind of the hugely successful *The Red Green Show* comes a book that is going to change your life, or at least make you laugh — a lot — whenever you pick it up. And people are going to be picking it up for many years to come, because — like the long-rerunning TV shows — there's not a topical gag in the book anywhere, so it's going to be funny for the foreseeable future. And as its title suggests, this is also a terribly useful book. Among its very many gems of advice, it shows how to cook with acetylene, take revenge on a lawn mower, measure your hat size with a two-by-four, reduce your carbon footprint (it involves moving into a fruit tree located next to a liquor store) and make your own alternative fuel (which involves an empty propane tank and a full septic one).

**Don't Tell Me What to Do, Just Send Money** Sep 15 2021 This completely revised and updated edition of *Don't Tell Me What To Do, Just Send Money* prepares parents for the issues that they will encounter during their children's college years. Since our original publication over ten years ago, there has been a dramatic increase in the use of cell phone and internet technology. The birth of the term 'helicopter parent' is, in part, due to the instant and frequent connectivity that parents have with their children today. Parents are struggling with the appropriate use of communicative technology and aren't aware of its impact on their child's development, both personally and academically. With straightforward practicality and using humorous and helpful case examples and dialogues, *Don't Tell Me What To Do, Just Send Money* helps parents lay the groundwork for a new kind of relationship so that they can help their child more effectively handle everything they'll encounter during their college years.

**Homo Deus** Apr 29 2020 Op onnavolgbare wijze beschrijft Yuval Noah Harari in zijn bestseller *Sapiens* 70.000 jaar menselijke evolutie, maar met *Homo Deus* richt hij zich op de toekomst. Met zijn kenmerkende vermenging van wetenschap, geschiedenis en filosofie onderzoekt Harari de dromen en nachtmerries van de eenentwintigste eeuw - van onsterfelijkheid tot kunstmatig leven. Hij stelt fundamentele vragen: Waar gaan we naartoe? Hoe beschermen we onze kwetsbare wereld tegen onze eigen verwoestende krachten? En als we in staat zijn door technologische vooruitgang ons lichaam en onze geest te verbeteren, wat gebeurt er dan met de mensen die zich niet laten upgraden? Wat voor sociale gevolgen zal deze tweedeling hebben? Volgens Harari is het essentieel om meer te begrijpen van de technologische revoluties om ons heen, anders hebben we geen invloed op de koers van onze toekomst. Dit is de volgende stap in onze evolutie. Dit is *Homo Deus*.

**What To Do When Machines Do Everything** Aug 26 2022 "Refreshingly thought-provoking..." – The Financial Times The essential playbook for the future of your business *What To Do When Machines Do Everything* is a guidebook to succeeding in the next generation of the digital economy. When systems running on Artificial Intelligence can drive our cars, diagnose medical patients, and manage our finances more effectively than humans it raises profound questions on the future of work and how companies compete. Illustrated with real-world cases, data, and insight, the authors provide clear strategic guidance and actionable steps to help you and your organization move ahead in a world where exponentially developing new technologies are changing how value is created. Next, the authors detail a clear-cut business model to help leaders take part in this coming boom; the AHEAD model outlines five strategic initiatives—Automate, Halos, Enhance, Abundance, and Discovery—that are central to competing in the next phase of global business by driving new levels of efficiency, customer intimacy and innovation. Business leaders today have two options: be swallowed up by the ongoing technological evolution, or ride the crest of the wave to new profits and better business. This book shows you how to avoid your own extinction event, and will help you; Understand the untold full extent of technology's impact on the way we work and live. Find out where we're headed, and how soon the future will arrive Leverage the new emerging paradigm into a sustainable business advantage Adopt a strategic model for winning in the new economy The digital world is already transforming how we work, live, and shop, how we are governed and entertained, and how we manage our money, health, security, and relationships. Don't let your business—or your career—get left behind. *What To Do When Machines Do Everything* is your strategic roadmap to a future full of possibility and success. Or peril.

Jenny Odell schreef een kritiek op de kapitalistische krachten die om onze aandacht strijden.
