*Digital Photography and Everyday Life* Feb 10 2021 Digital Photography and Everyday Life: Empirical studies on material visual practices explores the role that digital photography plays within everyday life. With contributors from ten different countries and backgrounds in a range of academic disciplines - including anthropology, media studies and visual culture - this collection takes a uniquely broad perspective on photography by situating the image-making process in wider discussions on the materiality and visibility of photographic practices and explores these through empirical case studies. By focusing on material visual practices, the book presents a comprehensive overview of some of the main challenges digital photography is bringing to everyday life. It explores how the digitization of photography has a wide-reaching impact on the use of the medium, as well as on the kinds of images that can be produced and the ways in which camera technology is developed. The exploration goes beyond mere images to think about cameras, mediations and technologies as key elements in the development of visual digital cultures. Digital Photography and Everyday Life will be of great interest to students and scholars of Photography, Contemporary Art, Visual Culture and Media Studies, as well as those studying Communication, Cultural Anthropology, and Science and Technology Studies.

**Tim Cook** Mar 26 2022 Een inspirerend portret van de man die Apple opnieuw uitvond Toen Tim Cook in 2011 aantrad als nieuwe bestuursvoorzitter van Apple, stond hem een loodzware taak te wachten. Een van de grootste, meest innovatieve bedrijven ter wereld had zojuist zijn briljante leider verloren. Steve Jobs en Apple hadden een iconische status verworven en nu hij er niet meer was voorspelden critici een desastreuse toekomst. Maar zij hadden het mis. We zijn acht jaar verder en onder Cooks leiderschap heeft Apple alle verwachtingen overtroffen en is de verwachte ondergang overgegaan in een zelfs nog grotere groei. Onder zijn leiding bleef de kern van de succesformule bijeen en vond er tegelijkertijd een culturele revolutie plaats, waarbij harmonieuze samenwerking centraal kwam te staan. De successen van Cook zijn ondertussen gegroeid tot ongekende hoogte, en toch blijft zijn genie voor velen een mysterie. In deze biografie vertelt Leander Kahney het verhaal van de stille kracht achter Apple op meesterlijke wijze; van het overlijden van zijn illustere voorganger tot de beginfase van een naderend derde bedrijf voor Apple: de toetreding tot nieuwe, onbekende markten. Leander Kahney is de auteur van *Jony Ive, Inside Steve's Brain* en *Cult of Mac*, en volgt al meer dan 10 jaar het bedrijf Apple. Hij was redacteur bij *Wired.com* en is op dit moment redacteur bij *CultofMac.com*.

*The New Normal of Working Lives* Nov 09 2020 This critical, international and interdisciplinary edited collection investigates the new normal of work and employment, presenting

research on the experience of the workers themselves. The collection explores the formation of contemporary worker subjects, and the privilege or disadvantage in play around gender, class, age and national location within the global workforce. Organised around the three areas of: creative working, digital working lives, and transitions and transformations, its fifteen chapters examine in detail the emerging norms of work and work activities in a range of occupations and locations. It also investigates the coping strategies adopted by workers to manage novel difficulties and life circumstances, and their understandings of the possibilities, trajectories, mobilities, identities and potential rewards of their work situations. This book will appeal to a wide range of audiences, including students and academics of the sociology of work and labor history, and those interested in understanding the implications of the 'new normal' of work and employment.

**The Social Photo** Sep 27 2019 "Mr. Jurgenson makes a first sortie toward a new understanding of the photograph, wherein artistry or documentary intent have given way to communication and circulation. Like Susan Sontag's *On Photography*, to which it self-consciously responds, *The Social Photo* is slim, hard-bitten and picture-free." – New York Times A set of bold theoretical reflections on how the social photo has remade our world. With the rise of the smart phone and social media, cameras have become ubiquitous, infiltrating nearly every aspect of social life. The glowing camera screen is the lens through which many of us seek to communicate our experience. But our thinking about photography has been slow to catch-up; this major fixture of everyday life is still often treated in the terms of art or journalism. In *The Social Photo*, social theorist Nathan Jurgenson develops bold new ways of understanding photography in the age of social media and the new kinds of images that have emerged: the selfie, the faux-vintage photo, the self-destructing image, the food photo. Jurgenson shows how these devices and platforms have remade the world and our understanding of ourselves within it.

**Vicious** Sep 07 2020 'De koningin van de klootzakken is terug en Vicious is de nieuwe koning' - Goodreads.com - Emilia Ze zeggen dat liefde en haat hetzelfde gevoel zijn, ervaren onder andere omstandigheden. Het is waar. De man waarover ik 's nachts droom, is ook de man die me opjaagt in mijn nachtmerries. Hij is een briljant advocaat. Een crimineel. Een beeldschone leugenaar. Een duivel en een engel, een monster en een geliefde. Tien jaar geleden dwong hij me te vertrekken uit het plaatsje aan de kust waar we woonden. Nu is hij in New York om me op te halen. En pas als ik met hem meega, laat hij me met rust. Vicious Ze is een kunstenares die maar amper kan rondkomen. Prachtig en ongrijpbaar, zoals kersenbloesem. Tien jaar geleden stormde ze onaangekondigd mijn leven binnen en zette alles op z'n kop. Daar heeft ze een prijs voor moeten betalen. Emilia LeBlanc is off limits. Ze is de ex van mijn beste vriend. De vrouw die mijn meest duistere geheim kent. Dat zou me wel van haar spoor af moeten houden, maar dat doet het niet. Ze haat me. Niet dat ik me daar iets van aantrek. Ze kan maar beter aan me beginnen te wennen, want ik laat haar niet los voor ik klaar ben met haar.

**Over fotografie** Jan 24 2022 'Nog altijd domineert *Over fotografie* het denken over fotografie. De schrijfstijl is vintage Sontag: trefzeker, stoer en stellig. Ze bracht de angsten en ambivalenties die veel mensen voelen tegenover moderne technologie in het algemeen, en fotografie in het bijzonder, messcherp onder woorden. Zelfs nu kun je amper een column, recensie of boek over fotografie lezen waarin Sontag niet wordt aangehaald – zeker wanneer het over foto's van oorlog, honger of geweld gaat.' – Lynn Berger in *De Correspondent* *Over fotografie* is een boeiend relaas over wat foto's eigenlijk zijn, over esthetische en morele problemen waarmee we door hun alomtegenwoordigheid in onze mediacultuur worden geconfronteerd en over de (on)bedoelde effecten van fotografie. Het is een klassiek geworden, baanbrekend onderzoek naar de rol en de betekenis van beelden. Sontag weet het moderne

leven zo scherpzinnig te vangen dat kritische vragen niet uit kunnen blijven. ‘Sontag heeft ons als geen ander geleerd na te denken over de rol en het effect van fotografie in onze tijd. Prachtige essays.’ – Trouw ‘Een mijlpaal in de reflectie over fotografie. De opstellen over camp en pornografie zijn virtuoos.’ – De Tijd ‘Over fotografie is het origineelste en meest verlichte boek over dit onderwerp.’ – The New Yorker ‘Elke pagina roept belangrijke en prikkelende vragen op, en bespreekt die vervolgens op de beste, briljante manier.’ – The New York Times Book Review

*Eleanor & Park* Aug 07 2020 Eleanor en Park zijn slim genoeg om te weten dat een eerste liefde bijna nooit voor eeuwig duurt, maar moedig en wanhopig genoeg om het een kans te geven. Het prachtige en tijdloze liefdesverhaal van twee buitenbeentjes tijdens een schooljaar in 1986. Eleanor en Park zijn personages bij wie de lezer dicht op de huid zit. De twee kunnen niet met en niet zonder elkaar. Dit boek ademt liefde; de belachelijkheid en onontkoombaarheid van liefde, maar ook de kracht en energie die uitgaat van houden van. Die eerste liefde die hartverscheurend kan zijn en je tot wanhoop kan drijven. Het einde is onverwacht en compromisloos, wat maakt dat je meteen opnieuw wilt gaan lezen.
