Authoritarian Dynamic Paperback that we will definitely offer. It is not all but the costs. Its about what you habit currently. This The Authoritarian Dynamic Paperback, as one of the most vigorous sellers here will agreed be in the course of the best options to review.

The German Right, 1860-1920 Mar 10 2021 With unification as a nation state under Bismarck in 1871, Germany experienced the advent of mass politics. The dynamic political culture that emerged challenged the adaptability of the 'interlocking directorate of the Right.' This work examines how the authoritarian imagination inspired the Right and how political pragmatism constrained it.

Wat is populisme?

Jul 02 2020 Wat is populisme? biedt een overtuigende analyse van wat er nu eigenlijk aan de hand is en is een must read voor eenieder die de oorzaken en het succes van dit snelgroeïende fenomeen wil begrijpen. Populisten als Donald Trump, Marine Le Pen en Geert Wilders drukken steeds duidelijker hun stempel op de mondiale politiek. Het fenomeen verspreidt zich razendsnel over heel Europa en de rest van de wereld. Maar wat ís

populisme eigenlijk precies? In dit essay geeft Jan-Werner Müller antwoord op deze zeer actuele en dringende vraag. Brengt populisme regering en volk nader tot elkaar of is het een bedreiging voor de democratie? Wat is het verschil tussen links en rechts populisme? Uit wie bestaat 'het volk' eigenlijk en wie kan namens dat volk spreken? Aan de hand van deze en andere prangende vragen zet Jan-Werner Müller in zijn baanbrekende boek een heldere theorie over het

populisme uiteen. Ook stelt hij met behulp van concrete strategieën voor hoe we het best met dit oprukkende verschijnsel om kunnen gaan en de claims van populistten kunnen weerleggen. Een ware eyeopener. 'Populisme en rechtsstaat gaan moeizaam samen. Müller gaat een stap verder: ook de democratie blijft niet onaangetaast.' Bastiaan Rijpkema, auteur van Weerbare democratie 'Dit is een mooi essay over populisme waarin alles wat er over gezegd kan worden, gezegd wordt.' Meindert Fennema, biograaf van Geert Wilders 'Hoe populisme tot verlies aan

pluraliteit leidt, wordt glashelder beschreven [door] Jan-Werner Müller.' Marli Huijter in Filosofie Magazine *Goelag* Sep 04 2020 Van 1929 tot Stalins dood in 1953 werden zowat achttien miljoen dwangarbeiders tot de werkkampen van de Goelag veroordeeld. Naar schatting vierenhalf miljoen van hen keerden nooit terug. Na de val van het IJzeren Gordijn zijn in Rusland talloze documenten toegankelijk geworden: egodocumenten, ambtelijke archieven, gevangenisdossiers, persoonlijke getuigenissen. Applebaum heeft jarenlang onderzoek verricht

en heeft met Goelag hét standaardwerk over deze zwarte bladzijde uit de Europese geschiedenis geschreven.

Mobilizing without the Masses Dec 27 2019 When advocacy organizations are forbidden from rallying people to take to the streets, what do they do? When activists are detained for coordinating protests, are their hands ultimately tied? Based on political ethnography inside both legal and blacklisted labor organizations in China, this book reveals how state repression is deployed on the ground and to what effect on [Download File fietzersbondhaagseregio.nl](https://www.fietzersbondhaagseregio.nl) on November 30, 2022 [Free Download Pdf](#)

mobilization. It presents a novel dynamic of civil society contention - mobilizing without the masses - that lowers the risk of activism under duress. Instead of facilitating collective action, activists coach the aggrieved to challenge authorities one by one. In doing so, they lower the risks of organizing while empowering the weak. This dynamic represents a third pathway of contention that challenges conventional understandings of mobilization in an illiberal state. It takes readers inside the world of underground labor organizing and opens the black box of repression inside

the world's most powerful authoritarian state. Transitional Justice Jun 01 2020 Transitional justice is the way societies that have experienced civil conflict or authoritarian rule and widespread violations of human rights deal with the experience. With its roots in law, transitional justice as an area of study crosses various fields in the social sciences. This book is written with this multi and interdisciplinary dynamic of the field in mind. The book presents the broad scope of transitional justice studies through a focus on the theory, mechanisms and debates in the area. This approach

provides valuable insight for those who seek both an introduction alongside relatively advanced engagement with the subject. Transitional Justice offers a useful learning and teaching text for postgraduate and advanced undergraduate students who take courses in the area, as well as a systematic reference text for researchers. The Authoritarian Dynamic Oct 29 2022 What are the root causes of intolerance? This book addresses that question by developing a universal theory of what determines intolerance of difference in general, which

includes racism, political intolerance, moral intolerance and punitiveness. It demonstrates that all these seemingly disparate attitudes are principally caused by just two factors: individuals' innate psychological predispositions to intolerance ("authoritarianism") interacting with changing conditions of societal threat. The threatening conditions, particularly resonant in the present political climate, that exacerbate authoritarian attitudes include, most critically, great dissension in public opinion and general loss of confidence in political leaders.

Using purpose-built experimental manipulations, cross-national survey data and in-depth personal interviews with extreme authoritarians and libertarians, the book shows that this simple model provides the most complete account of political conflict across the ostensibly distinct domains of race and immigration, civil liberties, morality, crime and punishment, and of when and why those battles will be most heated.

East Asian Social Movements Dec 07 2020 In the study of civil society and social movements, most cases are based in Western Europe and North America. These two

areas of the world have similar histories and political ideals and structures in common which in turn, affect the structure of its civil society. In studying civil society in Asia, a different understanding of history, politics, and society is needed. The region's long traditions of centralized, authoritarian states buttressed by Confucian and in some cases Communist ideologies may render this concept irrelevant. The chapters in this international volume cover most of the areas and countries traditionally defined as belonging to East

Asia: Japan, Taiwan, South Korea, Hong Kong, Singapore and China. The case studies included in this volume confront the utility of using the Western concept of civil society, represented in its most active form – social movements – to think about East Asia popular politics. Along with providing an array of important case studies of social movements in East Asia, the introduction, chapters and conclusion in the book take up three major theoretical questions: the effect of the East Asian cultural, social and institutional context upon the mobilization,

activities and outcomes of social movements in that region, the role of social movements in larger transformative processes, utility of Western social movement concepts in explaining social movements in East Asia. This book will be of interest to two major groups of readers, those who study East Asia and those who pursue social movements and civil society, as well as politics more generally. Vrij Dec 19 2021
Wat is de ware betekenis van vrijheid? Lea Ypi groeit op in Albanië, een van de meest geïsoleerde landen ter wereld, waar communistische idealen de plaats van religie

innemen. Deze laatste stalinistische uithoek van Europa wordt geteisterd door schaarste en politieke executies, maar voor Lea is het haar thuis. Een plek waar mensen gelijk zijn en burens elkaar helpen – een plek van saamhorigheid en hoop. Een jaar na het neerhalen van de Berlijnse Muur komt het socialisme in Albanië in een vrije val terecht. Verkiezingen, kledingkeuze en religie worden ineens vrijgegeven, maar fabrieken sluiten, banen verdwijnen en het land gaat failliet. Terwijl de droom van haar ouders' generatie verwordt tot de desillusie van de hare en familiegeheimen

aan het licht komen, begint Lea zich af te vragen wat vrijheid nou echt betekent. Vrij is een onvergetelijk boek over volwassen worden te midden van politieke onrust. Ypi verkent op ingenieuze wijze de grenzen van vooruitgang en de last van het verleden, belicht de dunne lijn tussen idealen en werkelijkheid en onderzoekt waar onderdrukking en vrijheid elkaar raken.

Participatory Spirituality Nov 18 2021 This innovative book is a collage of overlapping views, each of which presents a distinct perspective on human spirituality as participating co-

creatively in the life divine. You are invited to explore the text as a virtual conceptual reality, roaming freely among the chapters and pages, progressively generating a feeling for, and comprehension of, the whole. A diversity of presentations include the manifesto, the personal story, theology, metaphysics, epistemology, pathology, psychology, and practice. You are also invited to adapt any of the author's ideas and integrate them in any way into any form of expression of your own spiritual vision. The author lays no claim

to intellectual property rights with regard to the content of this book. With illustrations and front cover photo by the author. Falend licht Feb 21 2022 Ivan Krastev en Stephen Holmes geven in Falend licht een scherpzinnige analyse van onze politieke cultuur. Het idee, de belofte, was dat Oost-Europese landen na de val van de Muur steeds meer op West-Europa zouden gaan lijken. Maar anno 2019 worden we wakker in een wereld waarin het Westen juist steeds meer inspiratie lijkt te putten uit de antiliberale populistische leiders uit de voormalige Sovjet-

Unie. Ergens is iets verschrikkelijk misgegaan, dat staat vast. In dit briljante boek, dat zowel politieke psychologie, geopolitieke analyse als cultuurkritiek is, laten Krastev en Holmes overtuigend zien dat we terug moeten naar 1989 om de wereld van vandaag te begrijpen. In dat jaar werd Oost-Europa min of meer verplicht het westerse liberale model over te nemen. De wrok hierover resulteerde uiteindelijk in het xenofobe populisme van vandaag. Ironisch genoeg lijken de rollen nu omgedraaid. Het einde van de geschiedenis bleek het begin van het

tijdperk van imitatie.

Motivatie en persoonlijkheid

May 12 2021
Standaardwerk waarin de Amerikaanse psycholoog, aanhanger van de zogenaamde humanistische psychologie, zijn theorie ontwikkelt van de fundamentele behoeften, die ten grondslag ligt aan zijn ideeën over de mens op weg naar zelfverwerkelijking.
Chinese Politics and Foreign Policy Under Xi Jinping
Jun 20 2019 This book focuses on China's future under Xi Jinping's authoritarian leadership by examining various facets of the political, economic, social and foreign

policy trajectories of contemporary China. It assesses Xi Jinping's power dynamic as the 'core' leader of the Communist Party of China (CPC) and analyses the impact of Xi's signature domestic policies which demonstrate his political authority within the domestic sphere. Moreover, the book presents Xi's proactive, assertive and action-oriented outlook as a foundation for China's diplomacy in the 'new era'. Bringing together an international set of experts in the field who explore critical facets of China under Xi Jinping that deeply influence the regional as well as the global order, the book [Download File fietserbondhaagseregio.nl](#) on November 30, 2022 [Free Download Pdf](#)

investigates the impact of Chinese initiatives such as the grand Belt and Road Initiative (BRI), the Asian Infrastructure Investment Bank (AIIB) and the BRICS New Development Bank (NDB). Importantly, the book illustrates US-China relations and outlines how this relationship will intensify in the post-COVID-19 era, which is poised to be one of the biggest challenges and turning points of the 'Asian Century'. Offering a timely insight into China's future and the trajectory of Xi Jinping's consolidation of power, this book will be of interest to academics in the fields of China Studies, Asian and

International Politics and International Relations. *De afdaling in de hel* Mar 22 2022 'De afdaling in de hel onderscheidt zich doordat het de halve eeuw Europees trauma in de volle breedte en diepte beschrijft.' Literary Review *De afdaling in de hel - Europa 1914-1948* is een poging te begrijpen hoe Europa gedurende de eerste helft van de gewelddadige en turbulente 20e eeuw in een afgrond kon wegzinken. Slechts vier jaar na het absolute dieptepunt in 1945 kon het daarna al het fundament leggen voor een verbazingwekkend herstel - voor een nieuw Europa dat

verrees uit de as van het oude, voor een weg terug uit de hel, een nieuw begin. Kershaw schetst vier factoren die ervoor zorgden dat Europa zich verloor in twee allesvernietigende oorlogen, vier factoren die al voor de Eerste Wereldoorlog aanwezig waren, en die door de rampzalige Vrede van Versailles alleen maar werden versterkt. De Tweede Wereldoorlog was vanaf het sluiten van die 'vrede' bijna onafwendbaar. Na die monstrueuze oorlog en de volledige vernietiging van Duitsland kon eindelijk gewerkt gaan worden aan een blijvende vrede.

Sir Ian Kershaw (1943) is een Brits historicus die studeerde aan de Universiteit van Liverpool en Oxford. Vanaf 1989 doceerde hij, tot aan zijn pensioen, als professor hedendaagse geschiedenis aan de Universiteit van Sheffield. Zijn specialisatie is Hitler en nazi-Duitsland. Het biografische tweeluik Hitler - Hoogmoed en Hitler - Vergelding werd een wereldwijde bestseller, net als het bejubelde Keerpunten en meest recent nog Tot de laatste man, over de vraag waarom Hitler-Duitsland zo lang doorvocht en niet capituleerde.

De nieuwe

zijderoutes Sep 16 2021 Peter Frankopan over het heden en de toekomst van een wereld die drastisch aan het veranderen is In De nieuwe zijderoutes volgen we de opkomende zijderoutes naar het oosten, van Europa naar China via Rusland en het Midden-Oosten. In de westerse wereld overheersen in dit Brexit- en Trump-tijdperk begrippen als versnippering en isolatie. Dit staat in schril contrast met wat er sinds 2015 langs de zijderoutes gebeurt: de banden zijn versterkt en de onderlinge samenwerking is groter geworden. Er staan geen westerse landen in de top tien van

snelst groeiende economieën in 2017, en dat is al tien jaar zo. Europese voetbalclubs hebben Chinese en Russische eigenaren, Qatar organiseert in 2022 het WK, Franse wijngaarden zijn in Chinese handen, een Iraanse zakenman die een appartement had gehuurd in Istanbul dat hem beviel, kocht het hele flatgebouw. Vanuit zijn unieke invalshoek kijkt Peter Frankopan naar het netwerk van relaties langs de nieuwe zijderoutes en laat zien wat het effect zal zijn van deze voortdurende verschuivingen in het machtscentrum, iets wat in het Westen zelden

The Digital Literary Sphere

Mar 30 2020

Drawing on approaches from literary studies, media and cultural studies, book history, cultural policy, and the digital humanities,

this book asks: What is the significance of authors communicating directly to readers via social media? How does digital media reframe the “live” author-reader encounter? And does the growing army of reader-reviewers signal an overdue democratizing of literary culture or the atomizing of cultural authority? In exploring these questions, *The Digital Literary Sphere* takes stock of epochal changes in the book industry while probing books’ and digital media’s complex contemporary coexistence.

Taiwan in Dynamic

Transition Aug 15 2021 "Taiwan's emergent nationhood poses a fundamental challenge to the global political order. Following a remarkable transition from authoritarian rule to robust democracy, this island society has become a prosperous but widely unrecognized nation-state for which no uncontested sovereign space exists. Increasingly vigorous assertions of Taiwanese identity expose the fragility of relationships

between the United States and other great powers that assume Taiwan will eventually unite with China. Perhaps because of their precarious international position, Taiwanese have embraced cosmopolitan culture and democratic institutions more fully than most Asians. The 2014 Sunflower Movement, in which demonstrators occupied parliament to protest a free trade agreement with China, thrust Taiwan politics into the global media spotlight, as did the resounding victory of the once-illegal Democratic Progressive Party in 2016. Taiwan in Dynamic Transition

provides an up-to-date treatment of contemporary Taiwan, highlighting Taiwan's emergent nationhood and its implications for world politics. The book provides a new interpretive framework and series of case studies that together construct a vivid picture of how contemporary Taiwanese think about their nationhood, with specific examples of nation-building and democratization in social practice. The Taiwan case has important implications for broader themes and preoccupations in contemporary thought, such as consideration of why transitions in the aftermath of the

Arab Spring have sputtered or failed, while Taiwan has evolved into a stable and prosperous democratic society. Taiwan serves as a test case for nation- and state-building, the formation of national identity, and the emergence of democratic norms in real time"-

Democracy and Redistribution Jan 20 2022 Employing analytical tools borrowed from game theory, Carles Boix offers a complete theory of political transitions, in which political regimes ultimately hinge on the nature of economic assets, their distribution among individuals, and the balance of power among different social

groups. Backed up by detailed historical work and extensive statistical analysis that goes back to the mid-nineteenth century, this book explains, among many other things, why democracy emerged in classical Athens. It also discusses the early triumph of democracy in both nineteenth-century agrarian Norway, Switzerland and northeastern America and the failure in countries with a powerful landowning class. Over tirannie Aug 27 2022 Direct na de Amerikaanse verkiezingen in november 2016 stelde historicus Timothy Snyder een lijst op van twintig aanbevelingen die van belang zijn als

de democratie wordt bedreigd. Hij plaatste deze lijst op zijn Facebookpagina en het bericht ging direct viral. In Over tirannie werkt Snyder deze twintig lessen uit met concrete voorbeelden uit de geschiedenis. Hij waarschuwt ons dat wij niet wijzer zijn dan de Europeanen in de twintigste eeuw, die hun democratieën zagen zwichten voor fascisme, nazisme en communisme: bewegingen waarin één leider of één partij uitdrukking gaf aan de stem van het volk en beloofde de burgers te beschermen tegen bedreigingen van buitenaf. Ook in de huidige tijd lijkt het voortbestaan van de liberale democratie

Rather than simply confirm the 'domination-resistance' model of church-state relations, the book focuses on the various approaches adopted by religious groups during the process of negotiation. In an authoritative Chinese environment, religious specialists face two related pressures: the demands of their authoritarian rulers and social pressure requiring them to assimilate to the local culture. The book uses two case studies to support a wider theory of economic approach to religion.

[The Hard Road to Renewal](#) Oct 05 2020 Stuart Hall's writings on the political impact of

Margaret Thatcher have established him as the most prescient and insightful analyst of contemporary Conservatism Collected here for the first time with a new introduction, these essays show how Thatcher has exploited discontent with Labour's record in office and with aspects of the welfare state to devise a potent authoritarian, populist ideology. Hall's critical approach is elaborated here in essays on the formation of the SDP, inner city riots, the Falklands War and the significance of Antonio Gramsci. He suggests that Thatcherism is skillfully employing the restless and

individualistic dynamic of consumer capitalism to promote a swingeing programme of 'regressive modernization'. The Hard Road to Renewal is as concerned with elaborating a new politics for the Left as it is with the project of the Right. Hall insists that the Left can no longer trade on inherited politics and tradition. Socialists today must be as radical as modernity itself. Valuable pointers to a new politics are identified in the experience of feminism, the campaigns of the GLC and the worldwide response to Band Aid.

Analyzing the results of several sociological surveys in post-communist Hungary, this book offers insight into the nature and social background of one of the most disturbing phenomena in a newly established European democracy: antisemitism.

Anarchy Alive!

Jan 08 2021 Anarchist politics are at the heart of today's most vibrant and radical social movements. From squatted social centres and community gardens to acts of sabotage and raucous summit blockades, anarchist groups and networks are spreading an ethos of direct action,

non-hierarchical organizing and self-liberation that has redefined revolutionary struggle for the 21st century. *Anarchy Alive!* is a fascinating, in-depth look at the practice and theory of contemporary anarchism. Uri Gordon draws on his activist experience and on interviews, discussions and a vast selection of recent literature to explore the activities, cultures and agendas shaping today's explosive anti-authoritarian revival. *Anarchy Alive!* also addresses some of the most tense debates in the contemporary movement, using a

theory based on practice to provocatively reshape anarchist discussions of leadership, violence, technology and nationalism. This is the ideal book for anyone looking for a fresh, informed and critical engagement with anarchism, as a mature and dynamic political force in the age of globalisation.

The Civilizing

Machine Sep 23

2019 In late nineteenth-century Mexico the Mexican populace was fascinated with the country's booming railroad network. Newspapers and periodicals were filled with art, poetry, literature, and social commentaries

exploring the symbolic power of the railroad. As a symbol of economic, political, and industrial modernization, the locomotive served to demarcate a nation's status in the world. However, the dangers of locomotive travel, complicated by the fact that Mexico's railroads were foreign owned and operated, meant that the railroad could also symbolize disorder, death, and foreign domination. In *The Civilizing Machine* Michael Matthews explores the ideological and cultural milieu that shaped the Mexican people's understanding of technology. Intrinsically tied to

the Porfiriato, the thirty-five-year dictatorship of Gen. Porfirio Díaz, the booming railroad network represented material progress in a country seeking its place in the modern world. Matthews discloses how the railroad's development represented the crowning achievement of the regime and the material incarnation of its mantra, "order and progress." The Porfirian administration evoked the railroad in legitimizing and justifying its own reign, while political opponents employed the same rhetorical themes embodied by the railroads to challenge the

manner in which that regime achieved economic development and modernization. As Matthews illustrates, the multiple symbols of the locomotive reflected deepening social divisions and foreshadowed the conflicts that eventually brought about the Mexican Revolution. *Contemporary Politics in the Middle East* Feb 09 2021 The fourth edition of this dynamic and popular text provides a comprehensive introduction to contemporary politics in the Middle East. Fully revised and updated throughout, it features a new chapter on the Arab

Spring and its aftermath, plus a wide range of vibrant case studies, data, questions for class discussion and suggestions for further reading. Purposefully employing a clear thematic structure, the book begins by introducing key concepts and contentious debates before outlining the impact of colonialism, and the rise and relevance of Arab nationalism in the region. Major political issues affecting the Middle East are then explored in full. These include political economy, conflict, political Islam, gender, the regional democracy deficit, and ethnicity and minorities. The

book also examines the role of key foreign actors, such as the USA, Russia and the EU, and concludes with an in-depth analysis of the Arab uprisings and their impact in an era of uncertainty.

The Fear of Freedom Oct 25
2019 Analyzes our contradictory needs for community and for freedom. In this book, Fromm warns that the price of community is indeed high, and it is the individual who pays. Fascism and authoritarianism may seem like receding shadows for some, but are cruel realities for many.

Complot tegen Amerika Jan 28
2020 Toen luchtvaartheld

Charles A. Lindbergh bij de verkiezingen van 1940 Franklin Roosevelt verpletterde, sloeg in elke joods familie in Amerika de angst toe. Lindbergh verweet de joden publiekelijk dat ze uit eigenbelang aanstuurden op een zinloze oorlog met nazi-Duitsland. Wat daarna gebeurde in Amerika vormt de historische achtergrond voor Het complot tegen Amerika, de confronterende roman waarin Philip Roth vertelt hoe zijn eigen familie overleefde tijdens de periode-
Lindbergh.

Authoritarianism and Kurdish Alternative

triangular relationship between nationalism, justice and gender politics to explore how influencing this dynamic allows authoritarian rulers to stay in power for longer and justify their actions for monopolising power. Based on ethnographic research in Turkey, Syria, and Iraqi Kurdistan, as well as Kurdish diasporas in Europe, the book examines how communities challenge existing state power, authoritarianism and control. It focuses on alternative legal and political practices established by the PKK (Kurdistan Worker's Party)

such as local policing, informal judicial mechanisms and taxing, and shows how this divergence from state-led systems forges a sense of community among Kurds and creates a de-facto parallel state. It pays particular attention to the Kurdish political movement's success in achieving its aim of redressing gender-based injustices to create an equal society.

Economic Growth and Endogenous Authoritarian Institutions in Post-Reform China Sep 28 2022

This book analyzes the dynamic political economy of authoritarian institutions in China and attempts to answer the

following questions: What is the significance of China's authoritarian institutions and the changes Xi Jinping has brought to them? Why did the Chinese elites go along with the changes that affected them negatively? Through these questions, the author unravels the mechanics of authoritarian resilience as well as its dynamics. The work reviews both literatures on China studies and comparative authoritarianism to introduce a general framework for analyzing authoritarian institutional change under dictatorships.

interpretation of democratization by one of the leading scholars in the field aims to equip those caught up in democratization and democracy promotion with a more realistic understanding of the tensions and turbulence involved.

Authoritarianism and Civil Society in Asia Apr 23 2022

This book represents a pioneering interdisciplinary effort to analyse Asian civil society under authoritarianism, a regime type that is re-appearing or deepening after several decades of increased political liberalisation. By organising its approach into four main themes, this

volume succinctly reveals the challenges facing civil society in authoritarian regimes, including: actions under political repression; transitions to democracy; uncivil society; political capture and legal control. It features in-depth analyses of a variety of Asian nations, from 'hard' authoritarian regimes, like China, to 'electoral' authoritarian regimes, like Cambodia whilst also addressing countries experiencing democratic regression, such as the Philippines. By highlighting concrete responses and initiatives taken by civil society under authoritarianism, it

advances the intellectual mandate of redefining Asia as a dynamic and interconnected formation and, moreover, as a space for the production of new theoretical insight. Contributing to our understanding of the tensions, dynamics, and potentialities that animate state-society relations in authoritarian regimes, this will be essential reading for students and scholars of civil society, authoritarianism, and Asian politics more generally.

A Dynamic Theory of Populism in Power Apr 11 2021

"The relationship between populism and democracy is a hotly debated topic.

Some believe that populism is inherently bad for democracy because it is anti-pluralist and confrontational. Others argue that populism can reinvigorate worn-out democracies in need of an infusion of greater popular participation. This book advances this debate by examining the empirical relationship between populism in power and democracy in five Latin American countries. These cases reveal that populism in power does not always lead to the demise of democracy; rather, it does so only under certain varieties of populism. When populist chief executives are bent

on using the state's repressive apparatus to subvert democracy, and enjoy significant public support, then it requires an extraordinary effort by both the opposition and the judiciary to contain their efforts at power aggrandizement. If they succeed in overcoming societal and institutional resistance, then an unconstrained variety of populism in power will materialize. The significant power asymmetry that this variety entails will lead to the demise of electoral democracy. If populist leaders are constrained by the judiciary and other institutional actors, then electoral

democracy will be preserved, at least for a while. Of the five cases of populist presidents studied here, four were able to rule unconstrained, and only one the populist was contained. The book offers a theory to explain this divergent outcome. There is a recognizable pattern in the trajectory of populism in power, with one path leading to democratic erosion and another to democratic survival"--

Protest and Mass Mobilization Nov 25 2019 Why and how do some acts of protest trigger mass mobilization while others do not? Using the cases of Morocco

Algeria, Tunisia, and Libya, Mekouar argues that successful mass mobilization is the result of a surprise factor, whose impact and exceptionality is amplified by the presence of influential political agents during the early phase of protest, as well as by regime violence and unusual media coverage. Together this study argues that these factors create a perception of exceptionality, which breaks the locally available cognitive heuristic originally in favor of the regime, and thus creates the necessary conditions for mobilization to occur. This book provides a unique dialectical picture

of mobilization in North Africa by focusing both on the perspective of those who mobilized against their local regimes and members of the security forces who were responsible for stopping them. Moreover, it offers a first-hand account of the tumultuous days preceding authoritarian collapse and explains the mechanisms through which political change occurs. Vijand van het volk Nov 06 2020 Een gevaarlijke tijd om de waarheid te vertellen Jim Acosta, CNN's perschef voor het Witte Huis, doet in Vijand van het volk verslag van president Trumps strijd tegen de waarheid. Vanaf het

moment dat Donald Trump aankondigde een gooi te doen naar de hoogste positie in het Witte Huis heeft hij oorlog gevoerd tegen 'fake news' en noemt hij journalisten 'de vijand van het volk'. In dit boek vertelt Jim Acosta onder meer over Trumps ontkenningen, beschuldigingen en pogingen om de democratie te ondermijnen. Hij bracht honderden uren door met het personeel van het Witte Huis, en schetst levendige portretten van mensen over wie we voor het Trump-tijdperk nog nooit hadden gehoord: van Hope Hicks tot Steve Bannon, van Sean Spicer tot Jared Kushner.

Acosta noemt het een gevaarlijke tijd om de waarheid te vertellen in Amerika, maar toch is hij vastbesloten om het échte nieuws over de regering-Trump naar buiten te brengen. Over Vijand van het volk' Knap boek over de kern van de journalistiek.' - Het belang van Limburg

Republic of Islamophobia Aug 23 2019 Why does Islamophobia dominate public debate in France? Islamophobia in France is rising, with Muslims subjected to unprecedented scrutiny of what they wear, eat and say. Championed by Marine Le Pen and drawing on the French colonial legacy, France's

'new secularism' gives racism a respectable veneer. Jim Wolfreys exposes the dynamic driving this intolerance: a society polarized by inequality, and the authoritarian neoliberalism of the French political mainstream. This officially sanctioned Islamophobia risks going unchallenged. It has divided the traditional anti-racist movement and undermined the left's opposition to bigotry. Wolfreys deftly unravels the problems facing those trying to confront today's rise in racism. Republic of Islamophobia illuminates both the uniqueness of France's anti-Muslim backlash

and its broader implications for the West.

Saving the Sacred Sea Jul 22 2019

"Civil society" is a loaded concept in Russia; during the Soviet period, the voices that heralded civil society were the same ones that demanded the Union's dissolution. So, for the Kremlin, civil society is not the guarantor of democracy, but a force that has the power to end governments. This book looks at how civil society negotiates power on a global stage, under Russia's authoritarian regime, and in a particularly isolated and remote part of the world: within environmental activism around

Lake Baikal in Siberia. More than a mile deep, Lake Baikal is the oldest, deepest, and most voluminous lake on the Earth, and home to thousands of endemic species. It is also ecologically unique in that it is oxygenated to its maximum depth and supports life even at the lake floor -- a phenomenon occurring nowhere else on the planet. The lake is not just a natural wonder, but home to a strong environmentalist community that works tirelessly to protect the lake from human harm. Environmentalism at Baikal began in the late 1950s, eventually igniting the first national

protest in the USSR. They have remained active in some form ever since, across the years of chaos, instability, and crisis, from the opening of Russia to the forces of globalization to the authoritarianism of Putin in the present. This book examines the struggle of Baikal environmentalists to develop a new understanding of civil society under conditions of globalization and authoritarianism. Through extended, historically-informed ethnographic analysis, Kate Pride Brown argues that civil society is engaged with political and economic elites in a dynamic struggle

within a field of power. Understanding the field of power helps to explain a number of contradictions. For example, why does civil society seem to both bolster democracy and threaten it? Why do capitalist corporations and environmental organizations form partnerships despite their general hostility toward each other? And why has democracy proven to be so elusive in Russia? The field of power posits new answers to these questions, as Baikal environmental activists struggle to protect and save their Sacred Sea.
