might be scratching your head wondering exactly what to do. Being the boss is never easy, but it's twice as hard for a woman. It seems like there's no middle ground. Either you're the dragon lady who rules with an iron fist or the mousey girl who gets drowned out at every meeting. You can do the job. All you need is a little helpful advice to send you on your way. Whether you supervise two as a shift manager or lord over an entire corporate empire, Caitlin Friedman and Kim Yorio will show you how to step gracefully into your new position of power. Inside, there are self-assessment questionnaires to help you find out where you land on the bitch or wimp scale; interviews with prominent female bosses, human-resources directors, and therapists; and advice from a whole host of experts. In addition, there are funny and informative checklists and tips to make sure you're the Good Witch around the office and not the Big Bitch. And, most important, Caitlin and Kim will teach you the secrets to owning your role and loving it. You've earned your promotion, so enjoy it!

[A Girl's Guide to Missiles](#) Jun 06 2020 A poignant, surreal, and fearlessly honest look at growing up on one of the most secretive weapons installations on earth, by a young woman who came of age with missiles. The China Lake missile range is located in a huge stretch of the Mojave Desert, about the size of the state of Delaware. It was created during the Second World War, and has always been shrouded in secrecy. But people who make missiles and other weapons are regular working people, with domestic routines and everyday dilemmas, and four of them were Karen Piper's parents, her sister, and--when she needed summer jobs--herself. Her dad designed the Sidewinder, which was ultimately used catastrophically in Vietnam. When her mom got tired of

being a stay-at-home mom, she went to work on the Tomahawk. Once, when a missile nose needed to be taken offsite for final testing, her mother loaded it into the trunk of the family car, and set off down a Los Angeles freeway. Traffic was heavy, and so she stopped off at the mall, leaving the missile in the parking lot. Piper sketches in the belief systems--from Amway's get-rich schemes to propaganda in *The Rocketeer* to evangelism, along with fears of a Lemurian takeover and Charles Manson--that governed their lives. Her memoir is also a search for the truth of the past and what really brought her parents to China Lake with two young daughters, a story that reaches back to her father's World War II flights with contraband across Europe. Finally, *A Girl's Guide to Missiles* recounts the crossroads moment in a young woman's life when she finally found a way out of a culture of secrets and fear, and out of the desert.

**A Girl's Guide to Personal Hygiene** Sep 21 2021 "A Girl's Guide to Personal Hygiene is everything I never knew I wanted: a disgusting, hilarious, and honest book that pays tribute to the female body and all of its habits and suppurations. It is delightfully and uncomfortably relatable and I love it with my whole self—heart, sweat, bowels, and all."—Carmen Maria Machado, author of *Her Body and Other Parties* We sniff our knickers; we bite our own toenails; we laboriously dig out ingrown hairs: Women aren't as ladylike as people would like to imagine. Using anecdotes collected from hundreds of anonymous sources, this gleefully disgusting illustrated

book rewrites our definition of femininity. One day, the artist Tallulah Pomeroy overheard a conversation between two girls about another friend of theirs they knew in college.

Apparently, when this friend had been on tour with the rugby team, she'd drunkenly 'done a shit in the sink.' 'She's not a girl if she did that,' said one to the other. 'She may have a vagina, but she's not a girl.' This exchange made Tallulah laugh, but it also made her think. How many things had her friends done that meant they 'weren't girls?' She made a Facebook group and asked people to submit stories about their 'unladylike' behaviors. The page was soon flooded with more stories than she could have ever imagined: about ear wax and trapped wind, gray pubes and bloody pajamas. It became a community of honest, funny, and supportive women, who, by admitting to things they'd thought were shameful, no longer had to feel ashamed. For *A Girl's Guide to Personal Hygiene*, Tallulah made
