Judaism from Cyrus to Hadrian: The Persian and Greek periods Jan 25 2020

A History of Western Architecture Sep 01 2020 This text, lauded by instructors as extremely teachable, traces architectural history from prehistoric times to the 20th century.

Ancient Greece Apr 08 2021 Who were the Titans? How did the Greek alphabet evolve? What sort of weapons did the Greek warriors use? Three millennia of life in ancient Greece, from the advent of the Minoan civilization through the rise and fall of numerous city states, the emergence of democracy and the huge expansion of the Greek world under Alexander the Great to the Roman conquest of 30 BCE, are explored in this guide to the history, archaeology, literature and culture of ancient Greece. Chapters covering: civilizations, city-states and empires; rulers and leaders; military affairs; geography of the Greek world; economy, trade and transport; towns and countryside; written evidence; religion and mythology; art, science and philosophy; everyday life.

[Alexander](#) Jun 17 2019 For nearly two and a half millennia, Alexander the Great has loomed over history as a legend—and an enigma. Wounded repeatedly but always triumphant in battle, he conquered most of the known world, only to die mysteriously at the age of thirty-two. In his day he was revered as a god; in our day he has been reviled as a mass murderer, a tyrant as brutal as Stalin or Hitler. Who was the man behind the mask of power? Why did Alexander embark on an unprecedented program of global domination? What accounted for his astonishing success on the battlefield? In this luminous new biography, the esteemed classical scholar and historian Guy MacLean Rogers sifts through thousands of years of history and myth to uncover the truth about this complex, ambiguous genius. Ascending to the throne of Macedonia after the assassination of his father, King Philip II, Alexander discovered while barely out of his teens that he had an extraordinary talent and a boundless appetite for military conquest. A virtuoso of violence, he was gifted with an uncanny ability to visualize how a battle would unfold, coupled with devastating decisiveness in the field. Granicus, Issos, Gaugamela, Hydaspes—as the victories mounted, Alexander's passion for conquest expanded from cities to countries to continents. When Persia, the greatest empire of his day, fell before him, he marched at once on India, intending to add it to his holdings. As Rogers shows, Alexander's military prowess only heightened his exuberant sexuality. Though his taste for multiple partners, both male and female, was tolerated, Alexander's relatively enlightened treatment of women was nothing short of revolutionary. He outlawed rape, he placed intelligent women in positions of authority, and he chose his wives from among the peoples he conquered. Indeed, as Rogers argues, Alexander's fascination with Persian culture, customs, and sexual practices may have led to his downfall, perhaps even to his death. Alexander emerges as a charismatic and surprisingly modern figure—neither a messiah nor a genocidal butcher but one of the most imaginative and daring military tacticians of all time. Balanced and authoritative, this brilliant portrait brings Alexander to life as a man, without diminishing the power of the legend. [Ancient Greece and Rome](#) Nov 15 2021

Encyclopedia of Ancient Greece Oct 14 2021 Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era, this thoroughly cross-referenced and fully indexed work is written by an international group of scholars. This Encyclopedia is derived from the more broadly focused Encyclopedia of Greece and the Hellenic Tradition, the highly praised two-volume work. Newly edited by Nigel Wilson, this single-volume reference provides a comprehensive and authoritative guide to the political, cultural, and social life of the people and to the places, ideas, periods, and events that defined ancient Greece.

Greek Tragedy Dec 16 2021 'Two things give Kitto's classic book its enduring freshness: he pioneered the approach to Greek drama through internal artistry and thematic form, and he always wrote in lively and readable English.' - Oliver Taplin, University of Oxford, UK Why did Aeschylus characterize differently from Sophocles? Why did Sophocles introduce the third actor? Why did Euripides not make better plots? So asks H.D.F Kitto in his acclaimed study of Greek tragedy, available for the first time in Routledge Classics. Kitto argues that in spite of dealing with big moral and intellectual questions, the Greek dramatist is above all an artist and the key to understanding classical

Greek drama is to try and understand the tragic conception of each play. In Kitto's words 'We shall ask what the dramatist is striving to say, not what in fact he does say about this or that.' Through a brilliant analysis of Aeschylus's 'Oresteia', the plays of Sophocles including 'Antigone' and 'Oedipus Tyrannus'; and Euripides's 'Medea' and 'Hecuba', Kitto skilfully conveys the enduring artistic and literary brilliance of the Greek dramatists. H.D.F. Kitto (1897 – 1982) was a renowned British classical scholar. He lectured at the University of Glasgow from 1920-1944 before becoming Professor of Greek at Bristol University, where he taught until 1962.

Philosophic Classics, Volume I Aug 20 2019 This fascinating anthology of classic philosophical readings provides clear translations of the most important Greek philosophers and some of their Roman followers, key influences on the development of Western civilization. This book begins with the fragmentary statements of the Pre-Socratics, moves through the all-embracing systems of Plato and Aristotle, and culminates in the practical advice of the Hellenistic writers. For anyone interested in owning a collection of clearly translated philosophical works.

In the Market Nov 22 2019 The author sifts through history for evidence of the influence of capital markets on everyday life, from Greek marketplace and medieval fairs to the evolution of the stock market and the modern computerized trading system, using hundreds of illustrations to showcase the power of the market.

The Oxford Companion to Classical Civilization Nov 03 2020 Illustrated with full-color plates and 140 black-and-white pictures, an encyclopedic, exhaustive, and up-to-date guide contains finely detailed articles and short reference notes on the people, places, and events that shaped ancient Western civilization. UP.

Elenchus of Biblica Mar 27 2020

De geboorte van het klassieke Europa Jul 11 2021 In oktober 2005 werd voor het gebouw van het Europees Parlement in Straatsburg een imposant beeld onthuld. Het beeld, een gift van de stad Agios Nikolaos op Kreta, stelt de legendarische prinses Europa voor, rijdend op een stier. Op een dag werd oppergod Zeus verliefd op de mooie Europa. Om haar in te palmen nam hij de gedaante aan van een prachtige stier, waarna hij haar op zijn rug de zee over droeg naar Kreta. Het beeld in Straatsburg staat zo symbool voor de plaats die Kreta in de Europese geschiedenis inneemt: de mythische prinses zou haar naam aan het latere Europa schenken en zo staat de Minoïsche beschaving op Kreta aan de basis van de Europese geschiedenis. De geboorte van het klassieke Europa vertelt de Europese geschiedenis die loopt van de zogenoemde Minoïsche beschaving op Kreta uit het midden van het tweede millennium v.Chr. tot het Laat-Romeinse Rijk van de 4e en vroege 5e eeuw n.Chr. Centraal in deze beschouwing staan de oude volken uit het noorden van het Middellandse Zeebekken, de Grieken en Romeinen. De volken die rond de Egeïsche Zee, op de zuidelijke Balkan en op het Italiaanse schiereiland leefden waren verantwoordelijk voor de voornaamste ontwikkelingen die de geschiedenis zouden bepalen.

The Rebirth of Dialogue Apr 20 2022 Offers a fundamental rethinking of the rhetorical tradition as dialogue.

The Penguin Companion to Literature: Classical and Byzantine, edited by D. R. Dudley. Oriental and African, edited by D. M. Lang Apr 27 2020

Ancient Greece Jan 17 2022 In this revised edition, Matthew Dillon and Lynda Garland have expanded the chronological range of Ancient Greece to include the Greek world of the fourth century. The sourcebook now ranges from the first lines of Greek literature to the death of Alexander the Great, covering all of the main historical periods and social phenomena of ancient Greece. The material is taken from a variety of sources: historians, inscriptions, graffiti, law codes, epitaphs, decrees, drama and poetry. It includes the major literary authors, but also covers a wide selection of writers, including many non-Athenian authors. Whilst focusing on the main cities of ancient Greece - Athens and Sparta- the sourcebook also draws on a wide range of material concerning the Greeks in Egypt, Italy, Sicily, Asia Minor and the Black Sea. Ancient Greece covers not only the chronological, political history of ancient Greece, but also explores the full spectrum of Greek life through topics such as gender, social class, race and labour. This revised edition includes: Two completely new chapters - "The Rise of Macedon" and "Alexander the Great, 336-323" BC New material in the chapters on The City-State, Religion in the Greek World, Tyrants and Tyranny, The Peloponnesian War and its Aftermath, Labour: Slaves, Serfs and Citizens, and Women, Sexuality and the Family It is structured so that: Thematically arranged chapters arranged allow students to build up gradually knowledge of the ancient Greek world Introductory essays to each chapter give necessary background to understand topic areas Linking commentaries help students understand the source extracts and what they reveal about the ancient Greeks Ancient Greece: Social and Historical Documents from Archaic Times to the Death of Alexander the Great. Third Edition, will continue to be a definitive collection of source material on the society and culture of the Greeks.

The Greek World, 479-323 BC Jun 22 2022

[The Greek World 479-323 BC](#) Aug 24 2022 The Greek World 479-323 BC has been an indispensable guide to classical Greek history since its first publication nearly thirty years ago. Now Simon Hornblower has comprehensively revised and partly rewritten his original text, bringing it up-to-date for yet another generation of readers. In particular, this fourth edition takes full account of recent and detailed scholarship on Greek poleis across the Hellenic world, allowing for further development of the key theme of regional variety across the Mediterranean and beyond. Other extensive changes include a new sub-chapter on Islands, a completely updated bibliography, and revised citation of epigraphic material relating to the fourth-century BC. With valuable coverage of the broader Mediterranean world in which Greek culture flourished, as well as close examination of Athens, Sparta, and the other great city-states of Greece itself, this fourth edition of a classic work is a more essential read than ever before.

Art, Context and Criticism Jun 10 2021 Employing a chronological approach, this beautifully illustrated text can serve as a brief one semester introduction to art history, or as a core text in art appreciation.
