**The Minority Pathfinder A Man with Unforeseen Energy** Jun 17 2021 The book "The Minority Pathfinder: A Man with Unforeseen Energy" is a spontaneous outcome of the author's experience as one of the members of Al-Ameen Mission family since 2008 to 2018. It is commonly understood that Nurul Islam's philosophy of humanism tends to concentrate the energies of a culture for the holistic amelioration of minority in West Bengal. It emphasizes on social ethics and helps the students to imbibe social virtues and thereby to build up a strong moral character. By upholding the dignity of man, it consecrates to individual freedom and responsibility and the sense of equality among men. On the intellectual plane, it directs the mental life of his students to the joyous adventure of knowledge, to the inquiry into the phenomena of nature and man. This book presents these philosophical, spiritual and social findings of Nurul Islam and Al-Ameen Mission, influencing its unique image in the society for the upliftment of backward community since 1986 in West Bengal. And his philosophy has changed the scenario of minority in 2017, as only 7% Bengali medium students have got chance to admit themselves in Govt. medical colleges through CBSE NEET Exam-2017 in West Bengal. The students of Al-Ameen Mission have got almost 5% seats among those 7% successful candidates. This year 2018, students from Al-Ameen Mission have filled up almost 20 % of seats in govt. medical colleges in the state. There are two students who have ranked within the rank of 10 in the state merit list of NEETs. It is noticed that a lot of residential institutions for minority community are being established in every district of West Bengal, being inspired by Al-Ameen Mission. It was become a silent revolution among minorities in the State. Nurul Islam is increasingly getting involved to capacitate the weaker section of the society to come up and develop in West Bengal and neighbouring states like Bihar, Jharkhand, Assam and Tripura. The development discourse leans towards knowing skills and tools for strengthening the society.

This has resulted in many modifications in the working of the Boards. Even then, the Boards are facing many challenges. The main challenge before the Boards are that there is a constant threat of knowledge getting obsolete day by day, on the other the requirement for updating the existing facilities remains a financial challenge.
